3M™ Performance Yellow Masking Tape 301+

Product Description

3M™ Performance Yellow Masking Tape 301+ is a general purpose industrial paint masking tape. For vehicle masking it is designed for less critical paint lines and paper holding. It also is used for architectural and MRO painting. It is a conformable crepe paper tape that is easy to apply, and to remove in one piece. Bake temperature resistance is up to 225°F (107°C) for 30 minutes.

Product Features

- Creates good paint lines and resists edge bleed by most industrial paints.
- Removes cleanly, as adhesive and backing resist leaving residue and slivering.
- Easy to unwind and easy to apply.
- Sticks instantly to many surfaces. The 3M proprietary solvent free adhesive is designed to hold in place, and to remove more easily than some thicker tapes.
- Highly visible yellow crepe-paper backing conforms around curves and contours.
- Prolonged outdoor exposure may make tape difficult to remove.
