About Emjay

Emjay provides a range of product and service solutions

Our product catalogue has been compiled to give you a comprehensive overview of the products and services we offer to a broad range of customers and markets. Emjay is an Australian family owned and operated business, formed in 2003 and has established a reputation for providing sound expert advice to our customers including supply of quality products.

The company has a national sales reach

We have a national sales reach with dedicated company sales offices and warehouses in Sydney, Melbourne, Brisbane and Perth with further expansion planned in the future. The latest development will be a new office and warehouse facility in Melbourne with a total site area of 9,450m2. We also run our own transport fleet to ensure your orders are delivered on time and in the right condition.

formed

"

Underpinning the company's expansion strategy is the recent merger with Foams and Specialty tapes leader, Gaska Tape Australia.

Gaska Tapes has been operating since 1984 and is one of Australia's leading converters and distributors of polyethylene, polyurethane, EPDM, PVC, Foam Nitrile and Rubber products. Gaska Tape Australia are a Platinum 3M distributor of industrial products including tapes, adhesives, and abrasives. Gaska Tapes Australia is also a major distributor of Dowsil products including silicones and sealants, and structural glazing tapes. The company also converts material from a select group of global manufacturers with inhouse rewind and blade slitting, die-cutting and lamination capability. Emjay is committed to sustainability and the circular economy.

The company is now a member of APCO (Australian Packaging Covenant Organisation), and we continue to update our Sustainability Plan to help meet Australia's 2025 National Packaging Targets. We are working with our manufacturing partners to produce higher performance innovative products to reduce waste, improve efficiency and reduce costs for our customers.

Furthermore, we have increased products available that are made from recycled or renewable content, have a focus on products that are 100% recyclable, and introduced biodegradable and compostable packaging products to the range. Many of these products are highlighted in the "Eco Friendly Products" section in the catalogue.
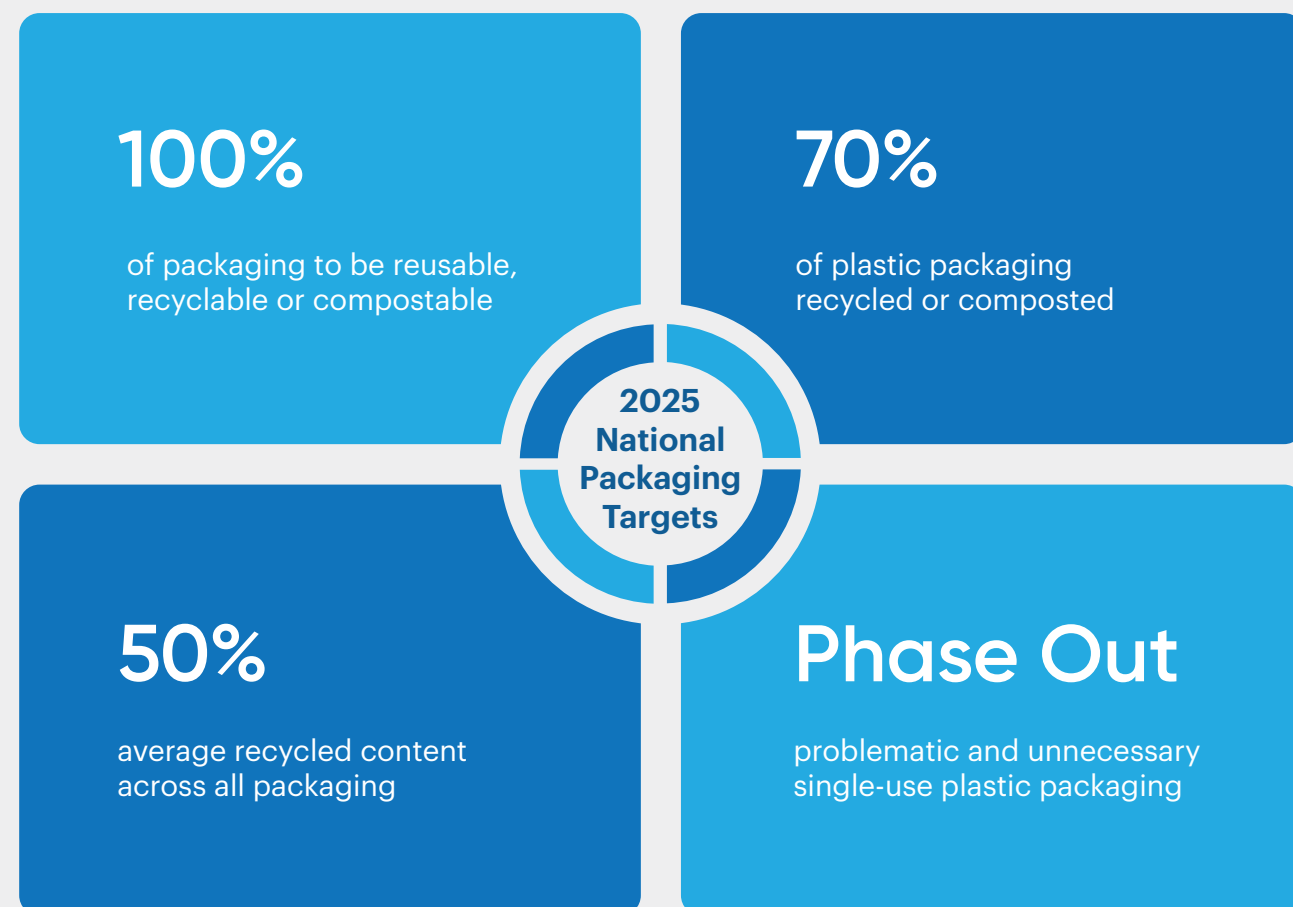

Emjay has put together a team of people with unparalleled industry experience and knowledge and we want to share that expertise with our customers to offer unprecedented value. Our staff and management have hundreds of years of combined experience which ensures our customers get the right advice on their requirements. The right product, at the right price, delivered when you need it.

in 2003

Our Commitment to Sustainable Packaging

At Emjay we are committed to minimizing the impact of packaging on the environment by providing our customers with service solutions and products which are ethically sourced, are sustainable and contribute to a future circular economy.

We are a signatory to the Australian Packaging Covenant (APCO) and continue to update our sustainability plan to help meet Australia's 2025 National Packaging Targets.

100%

of packaging to be reusable, recyclable or compostable

70%

of plastic packaging recycled or composted

2025 National Packaging Targets

50%

average recycled content across all packaging

Phase Out

problematic and unnecessary single-use plastic packaging

" We are working with our manufacturing partners to produce higher performance innovative products to reduce waste, improve efficiency and reduce costs for our customers.

Furthermore, we have more products available that are made from recycled or renewable content, have a focus on products that are 100% recyclable, and introduced biodegradable and compostable packaging products to the range. Many of these products are highlighted in the "Eco Friendly Products" section in the catalogue.

Packaging Tape & Dispensers

WEB Acrylic Packaging Tape

- ♦ Ideal for low temperature environments
- ♦ Quality grade packaging tape for carton and bag sealing
- ♦ Offers good UV ageing resistance
- ♦ High Clarity
- ♦ Quiet unwind
- ♦ Our most popular tape for all applications

Code	Roll Size	Colour	Rolls per Carton
WEB24TR	24mm x 75m	Clear	72
WEB36TR	36mm x 75m	Clear	48
WEB48TR	48mm x 75m	Clear	36
WEB48BR	48mm x 75m	Brown	36
WEB75TR	75mm x 75m	Clear	16

WEB Hotmelt Packaging Tape

- ♦ General purpose packaging tape
- ♦ Easy unwind
- ♦ 100m rolls designed for less change over
- ♦ Not suitable for cold storage

Code	Roll Size	Colour	Rolls per Carton
WEBPP3136TR	36mm x 100m	Clear	48
WEBPP3148TR	48mm x 100m	Clear	36

Premium WEB Rubber Packaging Tape

♦ Premium natural rubber adhesive
♦ Best adhesive tape for recycled cardboard
♦ Available in both clear and brown
♦ Aggressive and fast bonding

Code	Roll Size	Colour	Rolls per Carton
WEBPP3024TR	24mm x 75m	Clear	72
WEBPP3036TR	36mm x 75m	Clear	48
WEBPP3036BR	36mmx 75m	Brown	48
WEBPP3048TR	48mmx 75m	Clear	36
WEBPP3048BR	48mm x 75m	Brown	36

WEB Machine Acrylic Packaging Tape

♦ Quality grade packaging tape for carton & bag sealing
♦ Offers good UV ageing resistance
♦ High clarity
♦ Quiet unwind
♦ 52um Polypropylene tape
♦ Ideal for low temperature environments
♦ Our most popular tape for all applications

Code	Roll Size	Colour	Rolls per Carton
WEB36TRM	36mm x 1000m	Clear	8
WEB48TRM	48mm x 1000m	Clear	6

♦ General purpose packaging tape
♦ Easy unwind

Code	Roll Size	Colour	Rolls per Carton
WEBPP3148TRM	48mm x 1000m	Clear	6
WEBPP3148TRM150	48mm x 1500m	Clear	6

WEB Machine Rubber Packaging Tape

♦ Premium natural rubber adhesive
♦ Best adhesive tape for recycled cardboard
♦ Aggressive and fast bonding

Code	Roll Size	Colour	Rolls per Carton
WEBPP3048TRM	48mm x 1000m	Clear	6

WEB Packaging Tape-Extra Wide

♦ Extra Wide Tape offering more coverage and superior seal

Code	Roll Size	Colour	Rolls per Carton
WEB72TR	72mm x 75m	Clear	24

Packaging Tape & Dispensers

Packaging Tape & Dispensers

VIBAC Packaging Tape

♦ Premium Rubber Adhesive suitable for most Industrial packaging applications

Code	Roll Size	Colour	Rolls per Carton
VIBAC48TR	48mm x 75m	Clear	36
VIBAC48BR	48mm x 75m	Brown	36
VIBAC36TR	36mm x 75m	Clear	48
VIBAC36BR	36mm x 75m	Brown	48
VIBAC24TR	24mm x 75m	Clear	72
VIBAC24BR	24mm x 75m	Brown	72

Heavy Duty Packaging Tape PP50

♦ Extra strong 50-micron tape designed to contain heavier loads
♦ Premium grade rubber adhesive for more demanding applications

Code	Roll Size	Colour	Rolls per Carton
PP5048TR	48mm x 50m	Clear	36
PP5048BR	48mm x 50m	Brown	36

Printed Tape

♦ We can custom print
♦ Mixture of Priority Messages
♦ Bright Fluro Colour

Code	Tape Description	Rolls per Carton
FRAGILE48	**Fragile** - 48mm x 66m	36
TOPLOAD48	**Top Load** - 48mm x 66m	36
SECURITY48	**Security** - 48mm x 66m	36
HANDLE48	**Handle with Care** - 48mm x 66m	36
URGENT48	**Urgent** - 48mm x 66m	36

Coloured Packaging Tape

♦ Great for colour coding

Code	Roll Size	Colour	Rolls per Carton
CE3048RED	48mm x 66m	Red	36
CE3048GR	48mm x 66m	Green	36
CE3048BLU	48mm x 66m	Blue	36
CE3048WH	48mm x 66m	White	36
CE3048BL	48mm x 66m	Black	36
CE3048OR	48mm x 66m	Orange	36

One Way Filament Tape

♦ One way filament tape for bundling or medium to heavy carton sealing
♦ High tear resistance
♦ Aggressive adhesive for fast bonding

Code	Roll Size	Rolls per Carton
PG501	12mm x 45m	72
PG502	24mm x 45m	48
PG503	48mm x 45m	24

X- Weave Filament Tape

- ♦ Cross weave filament tape for extra strength
- ♦ High tear resistance
- ♦ Aggressive adhesive for fast bonding

Code	Roll Size	Rolls per Carton
PG401	12mm x 45m	72
PG402	48mm x 45m	24

Stationery Tape

- ♦ Polypropylene tape with water based acrylic adhesive
- ♦ General stationery use
- ♦ Individually Wrapped

Code	Roll Size	Rolls per Carton
WEB18TR	18mm x 66m	96

Kraft Packaging Tape

- ♦ Environmentally friendly tape with hotmelt adhesive
- ♦ Available plain, standard message print and custom print
- ♦ Hand tearable
- ♦ Excellent adhesion even on recycled cartons
- ♦ Suitable for manual and automated applications

Code	Roll Size	Rolls per Carton
ST480048	48mm x 50m	36

Kraft Reinforced Tape

- ♦ Heavy duty environmentally friendly packaging tape with high tack hotmelt adhesive
- ♦ Aggressive adhesive
- ♦ No mess (water not required)
- ♦ Conveniently applied via pistol grip dispenser
- ♦ Excellent adhesion even on recycled cartons
- ♦ Instant bond
- ♦ Reinforced fibres for added strength
- ♦ Suitable for manual applications

Code	Tape Description	Rolls per Carton
ST485048	50mm x 25m	36

Compostable Tape

- ♦ Environmentally friendly natural rubber packaging tape
- ♦ 100% biobased film made from 90% renewable resources
- ♦ Suitable for industrial composting
- ♦ Hand tearable
- ♦ Suitable for sealing and heavy packaging

Code	Tape Description	Rolls per Carton
ST860NR12	12mm x 80m	144
ST860NR50	50mm x 80m	36
ST860NR50M	50mm x 1200m	6
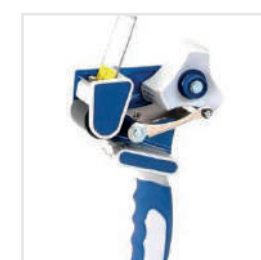

Low Noise Pistol Grip Dispenser

- ♦ Reduces noise when dispensing tape
- ♦ Best with wide tape

Product Category

Specialty Tapes

General Purpose Masking Tape

♦ For general masking applications
♦ Suitable for masking, holding, sealing and light duty packaging
♦ Easy residue-free removal
♦ Suits up to 60 degrees for 60 minutes
♦ 80 degrees for 30 minutes

Code	Size	Rolls per Carton
T5312318	18mm x 50m	48
T5312324	24mm x 50m	36
T5312324	36mm x 50m	24
T5312348	48mm x 50m	24

Yellow Waterproof Masking Tape

♦ Made with a natural rubber adhesive, the 999 Waterproof Masking Tape is suitable for wet sanding with clean removal on a number substrates, such as car bodies, plastics, glass and rubber
♦ The product is heat resistant at 80 degrees Celsius up to 30 mins

Code	Size	Rolls per Carton
S9918	18mm x 50m	48
S9924	24mm x 50m	36
S9936	36mm x 50m	24
S9948	48mm x 50m	24

7 Day Green Masking Tape

♦ High demand paint applications
♦ UV Resistant
♦ Clean paint edges
♦ High visibility due to Vivid Colour
♦ Excellent adherence to paint and fillers

Code	Size	Rolls per Carton
T433818	18mm x 50m	96
T433824	24mm x 50m	72
T433836	36mm x 50m	48
T433848	48mm x 50m	36

14 Day Blue Masking Tape

♦ A finely structured blue crepe backing which provides a smooth feel with great tear resistance
♦ Comfortable and yet thin to give a clean and crisp painted edge
♦ Solventless rubber adhesive which provides clean removal from stable surfaces up to 14 days

Code	Size	Rolls per Carton
AT566	48mm x 50m	24

60 Day Flowmask Masking Tape

♦ General paint masking where well defined edge is required
♦ Ideal for lightly textured walls, unfinished wood and trim, glass and metal surfaces
♦ Outdoor masking or indoors on glass
♦ Fineline masking
♦ Automotive masking for low bake ovens
♦ Masking on gel coats for marine applications
♦ Masking for caulking and sealing products to give a clean edge
♦ Compatible for use with lead-free flashing products

Code	Size	Rolls per Carton
SK75018	18mm x 55m	72
SK75024	24mm x 55m	48
SK75048	48mm x 55m	24

Duct and Joining Tape

♦ Silver and Black PVC tape is smooth and pliable with excellent moulding properties
♦ Used in a variety of industries to join heavy gauge polyethylene sheets
♦ Used in temporary general purpose bundling and fixing around the site
♦ Forms seals around air conditioning ducts and many other applications

Code	Size	Colour	Rolls per Carton
1DUCT48	48mm x 130um x 30m	Silver	60
1DUCT48B	48mm x 130um x 30m	Black	60

Aluminium Foil Tape

Aluminium Foil Tape is designed to cover all key application areas where high temperature resistance and electrical or thermal conductivity is required. The premium Aluminium Foil Tape is available **Reinforced (C525) and Standard (C515)**, with or without liner.

♦ Outstanding deflection of heat and light
♦ Good aging resistance for both indoor and outdoor use
♦ Combination of backing material ensures high flexibility and conformability

Code	Size	Rolls per Carton
C51524	24mm x 50m	48
C51536	36mm x 50m	36
C51548	48mm x 50m	24
C51572	72mm x 50m	16
C51596	96mm x 50m	12
C52524	24mm x 50m	48
C52536	36mm x 50m	36
C52548	48mm x 50m	24
C52572	72mm x 50m	16
C52596	96mm x 50m	12

K140 Cloth Tape

♦ Book spine binding
♦ Multi purpose
♦ All colours available
♦ Custom sizes can be cut upon request

Code	Size	Rolls per Carton
SK14048	48mm x 25m	24
SK14072	72mm x 25m	16

K160 Cloth Tape - Matt Finish

♦ Book spine binding
♦ Low reflective finish
♦ Exhibition approved
♦ Good clean removal
♦ Various colours
♦ Custom sizes can be cut upon request

Code	Size	Rolls per Carton
SK16048	48mm x 25m	24
SK16072	72mm x 25m	16

K190 Premium Cloth Tape

♦ Book spine binding
♦ Matt Finish
♦ Multi-purpose
♦ High Adhesive Coat Weight for Sandblast Masking
♦ Custom sizes can be cut upon request

Code	Size	Rolls per Carton
SK19048	48mm x 25m	24
SK19072	72mm x 25m	16

Green Protection Film

♦ A green 70 micron PE Film coated with a solvent acrylic adhesive
♦ Adheres well to both glass and aluminium and removes cleanly with no adhesive residue
♦ UV Stable up to 6 months

Code	Size	Rolls per Carton
H7021200	1200mm x 70um x 200m	1
H702600	600mm x 70um x 200m	2
H702300	300mm x 70um x 200m	4

Window Protection Film

♦ Perfect products need good protection!
♦ Protective films prevent damage to surfaces, saving expensive reworking and unnecessary production losses
♦ Window Protection Film can protect the surfaces of your valuable products during the handling, mechanical, transport, assembly, storage process
♦ Improve your company branding by utilising our window protection film with your very own customised print, displaying your business logo or contact information on the film surface

Features:

♦ Good weatherability
♦ UV resistance for up to 6 months
♦ Can be easily applied and removed
♦ Leaving no residue adhesive after removal

Novacel 4224 for Window Profiles/Joinery

NOVACEL 4224 Window Profile Protection is adapted to:

♦ The chemical properties and the finish of your surfaces
♦ Your constraints in terms of manufacturing, transformation (sawing, drilling, welding, deburring), handling and conveying, storage and transport

NOVACEL 4224 Reliable and trouble-free solution:

♦ Stable adhesion
♦ Significant outdoor life (12 months) in Australian UV Conditions
♦ Easy removal without tearing
♦ White backing to reflect heat away from adhesive layer
♦ Robust - 100 micron film with increased abrasion resistance
♦ Hand applied rolls

NOVACEL 4224 preserves the quality and perfect finish of your window profile without leaving residues, stains or marking once the film is removed.

With NOVACEL profile protection, personalise your products by printing the film with your logo, brand names, advertising or technical message.

Black Aluminium Protection Tape

♦ Black polyethylene film backing
♦ Ideal for protection of anodised or Powder-coated window frames
♦ Excellent UV resistance
♦ Can be cut to size

Code	Size	Rolls per Carton
T5100850	50mm x 66m	24
T5100875	75mm x 66m	18
T5100896	96mm x 66m	12
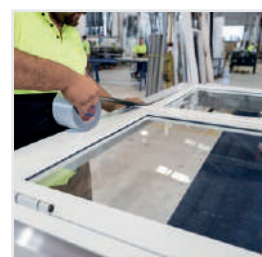

White Aluminium Protection Tape

♦ Black polyethylene film backing
♦ Ideal for protection of anodised or Powder-coated window frames
♦ Excellent UV resistance
♦ Can be cut to size

Code	Size	Rolls per Carton
T5100850W	50mm x 66m	24
T5100875W	75mm x 66m	18
T5100896W	96mm x 66m	12

PE Protection Tape

♦ The PE Protection Tape provides protection of aluminium window frames in both residential and commercial buildings, during transportation, installation and storage
♦ The product is suitable for plain and powder coated metals and is a proven performer in the building industry

PVC Protection Tape

♦ The PVC Black Protection Tape is designed to provide protection on Aluminium and Steel frames or extrusions
♦ The tape has a high abrasion resistant backing and excellent UV resistance, with an adhesive designed to provide clean removal
♦ Ideal for use in manufacture, transport and installation of Aluminium Profiles or Extrusions

PP800 Strapping Tape

♦ High tensile single sided strapping tape, recommended to bundle pallets
♦ High resistance to break with maximum security

Hook & Loop Tape

♦ Pressure sensitive adhesive strip superior bond strength and high temperature performance
♦ Achieves full bond strength in 24 hours
♦ Suitable on a wide range of substrates
♦ Temperature range from 28 degrees C
♦ Hook and Loop sometimes referred to as "male and female tape"
♦ Cut into strips and lengths

Code	Roll Size	Colour	Rolls per Carton

PTFE Coated Fabrics

PTFE Coated Fabrics provide an excellent HEAT RESISTANT RELEASE SURFACE and some applications include:

♦ Heat Sealing
♦ Food Processing and Manufacturing
♦ Plastic Bag Manufacturing

Features and benefits include:

♦ Outstanding temperature resistance 150°C to +260°C PTFE glass
♦ Excellent chemical resistance
♦ Non stick low friction surface PTFE glass
♦ High dielectric strength
♦ Dimensional stability under pressure
♦ Outstanding resistance to flame

EMJAY

PTFE Coated Adhesive Sheet and Tapes

♦ Many products from our roll stock range are available with a pressure sensitive adhesive coating one side

♦ With our in-House converting & slitting facilities we can supply rolls in any width slit from the standard 1000mm wide roll and usually in a 30m roll length

♦ These tapes are supplied self-wound or with a peel off release liner

♦ Our pressure sensitive tapes are standard with silicone high temperature adhesive (+260°C)

♦ All NON-ADHESIVE PRODUCTS are also available in roll or sheet form

Our range of specialty PTFE Tapes include:

♦ Zone tapes

♦ Heat sealer tapes

♦ Metal detectable PTFE/Glass tapes

PTFE Coated Conveyor Belting and Sealing Bands

♦ We can supply a wide range of PTFE Coated fabric Belts and Bands

♦ A variety of edge reinforcement, tracking guides and splice constructions to suit

Our belts are used in many industrial applications such as:

♦ Tortilla Press Belts

♦ Shrink Packaging Tunnel Belts

♦ Packaging Machinery

♦ Food Processing Belts

♦ Plastic Bag Sealing

♦ Over Wrapping
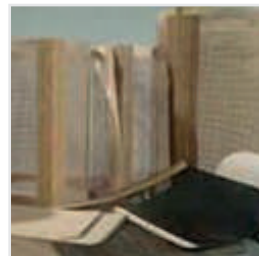

Food Service Industry

♦ Silicone Baking Mats

♦ PTFE Coated Baking Sheets in a variety of Sizes

♦ PTFE Coated Mesh Baskets

♦ Clam Grill Sheets

♦ Belt Wrappers

♦ Toaster Oven Release Sheets

♦ And anywhere else that requires the Unique combination of Outstanding Temperature Resistance and a Non Stick Surface

Specialty Tapes

Product Category

Double Sided Tapes

EMJAY

Double Sided Polyester (P.E.T) Tape

♦ A Double sided clear tape consisting of a PET backing and a high tack acrylic adhesive

♦ This bonding tape is suitable for most demanding applications and offers a reliable bond to most substrates

Code	Roll Size	Qty per Carton
T5196612	12mm x 50m	36
T5196618	18mm X 50m	24
T5196624	24mm x 50m	18

B1107B24	24mm x 3mm x 50m	13

Double Sided Tissue Tape

♦ A double-sided paper tissue tape coated on both sides with an aggressive acrylic adhesive suitable for most foam and fabric lamination and bonds well to cardboard

Code	Roll Size	Qty per Carton
6861612	12mm x 50m	96
6861618	18mm x 50m	64
6861824	24mm x 50m	48
6861848	48mm x 50m	24

Transfer Tape

♦ EMJAY has transfer tape in popular thickness of 50um and 130um, we also have 65um, 100um and 200um

♦ Ideal for Graphic and Nameplate applications

♦ Easy to die-cut

Standard sizes are 300mm, 600mm and 1200mm but can be converted to most widths.

EMJAY

3M™ Scotch® ATG 700 Dispenser

♦ An excellent, no mess alternative to gluing
♦ Transfer Tapes transfer a thin layer of adhesive to a surface via a unique ATG gun that removes the release liner while dispensing a line of adhesive

High Bond Acrylic Foam Tape

♦ Our high performance Foamed Acrylic tapes are a great alternative to rivets, welds, and liquid adhesives
♦ Bonds well to most metals, glass, and plastics
♦ Other widths available upon request

Double Sided Tapes

Gaska Tape Australia
Converters - Foams, Tapes, Adhesives

Services / Manufacturing Capabilities

Gaska stocks a range of different widths across our foam tape ranges, to cater for all our various customers applications.
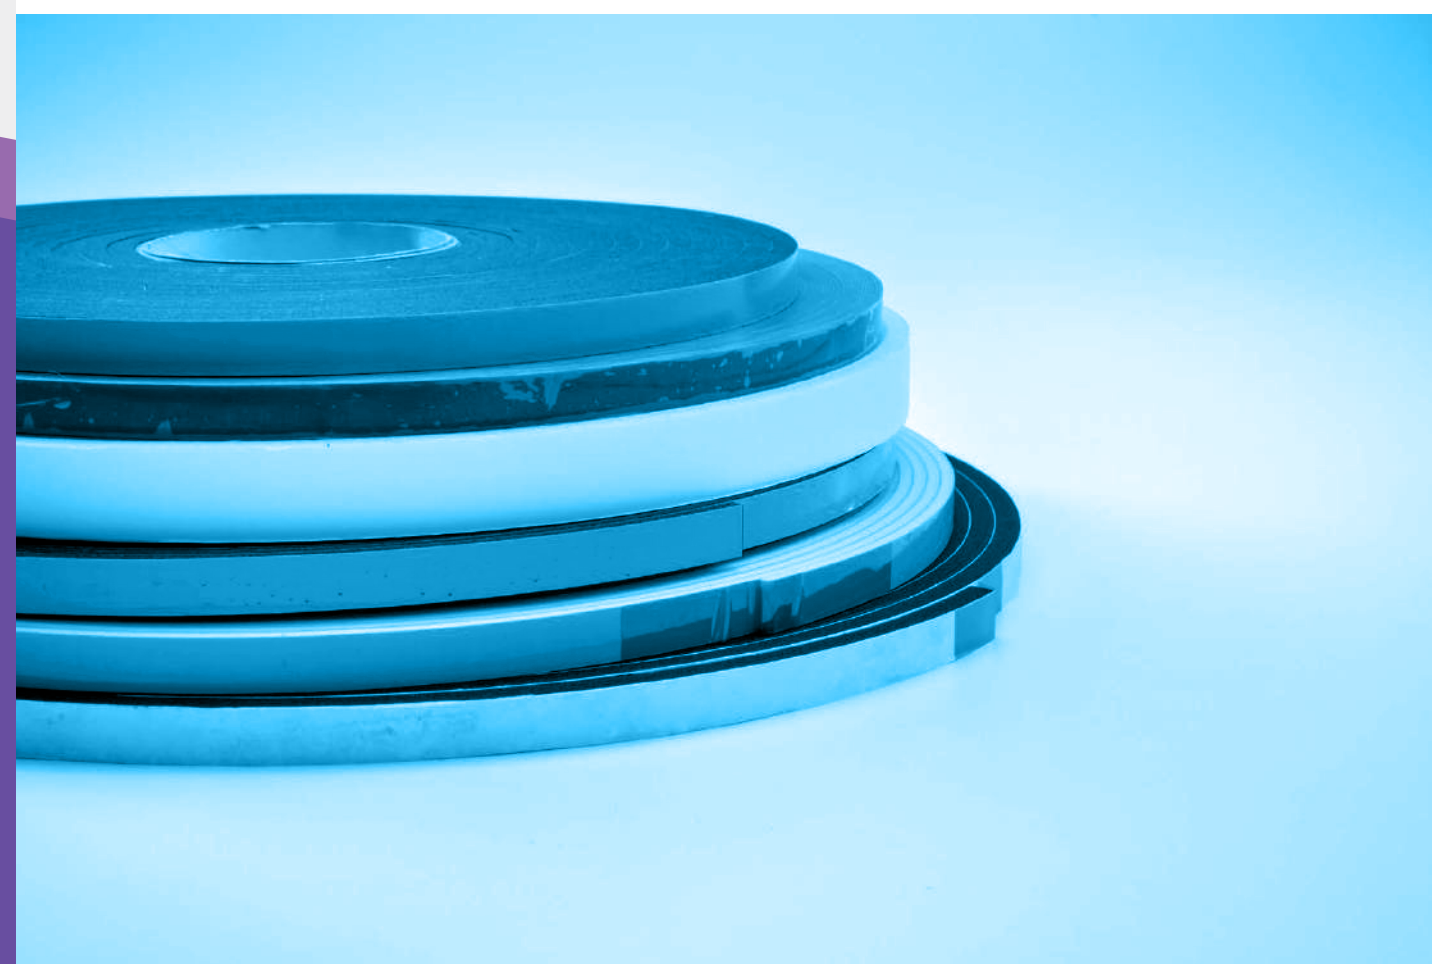

Die Cutting

Gaska Tape provides die cutting services for all types of applications depending upon our customer's requirements. Products may be produced from sheet or roll form (with or without adhesive) and die cut into specific sizes or shapes.

Due to Gaska's extensive experience in the industry we can work with a broad range of materials to meet your application.

Slitting

Gaska stocks a broad range of raw material in which we can slit full width log rolls down to specific custom sizes to suit your application or project requirements.

Fabrication

Custom applications that contain specific needs, are a Gaska Tape specialty. If you are looking to create customised materials, Gaska can cut, bond, manufacture, assemble and combine various materials into specific shapes and sizes.

Re-Logging

Based upon project or application requirements, log rolls of material can be re-logged down to specific lengths which can help improve production efficiencies in the customer manufacturing process or ease of use when utilising the product.

Lamination

Over many years of manufacturing experience, Gaska Tape has produced a vast range of laminated products such as foil, fabrics, foam, and adhesives to a raw material.

Product Category

Foam Tapes

LD Series PVC Closed Cell Foam Tape

♦ Gaska Tapes LD Series is a soft, low density, closed cell PVC Foam for general purpose industrial applications
♦ The LD Series is ideal for applications where cost is a critical factor
♦ The LD Series will conform to irregular surfaces and curves
♦ This material is generally used to seal, cushion, insulate and dampen vibration in a variety of applications

V710 PVC Closed Cell Foam Tape

♦ Gaska Tape's V700 Series product is a light density closed-cell Polyvinyl Chloride foam
♦ This economical, general-purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to seal tight radius curves are critical considerations

V810 PVC Closed Cell Foam Tape

♦ Gaska Tape's V800 Series product is a low density closed-cell Polyvinyl Chloride foam
♦ This economical, general-purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to seal tight radius curves are critical considerations

V1110 PVC Single Sided Closed Cell Foam Tape

♦ Dust, air and water seal
♦ Cushioning, vibration dampening, sound deadening
♦ This product is perfect for Gaskets used in conjunction with Aluminium Windows

V1510 PVC Single Sided Closed Cell Foam Tape

♦ The tape provides an excellent combination of flexibility and conformability with strength and wear resistance
♦ Performs in those "tough duty" applications where a tape must still flex to fit and seal
♦ Characteristics common to all closed cell vinyl foam products include the ability to make a long life seal against air, moisture, light and dust penetration

V1520 PVC Double Sided Closed Cell Foam Tape

♦ The V1520 Series product is a medium density PVC foam tape with an aggressive, pressure sensitive adhesive that is ideal for applications to absorb shocks, cushions, deadens sound and eliminates excess vibration
♦ It is an excellent product in Glazing applications, insulates against temperature and effectively functions as a thermal break / insulator
♦ Maintains a seal in high movement joints

Eco Seal Series

♦ Eco Seal Series products are specially formulated closed cell foam tapes. This series can be considered for more sophisticated medical applications
♦ This heavy density Eco Seal Series exhibits superior elasticity, conformability, and drape properties. It is well suited for direct skin contact medical applications
♦ Gaska Tapes Eco Seal Series foams exhibit excellent conformability with excellent dimensional stability, cushioning properties and vibration dampening qualities

Foam Tapes

Foam Tapes

EG426 Polyethylene Foam Tape

♦ The low density EG426 Polyethylene Foam Tape is coated with a pressure sensitive adhesive on both sides and is used to bond a variety of materials as well as providing a cushion and weather seal
♦ It is an excellent choice for low temperature applications

VK PVC Double Sided Spacer Tape

♦ VK Series offers good adhesion to stainless steel, glass, aluminium, painted metal, and vinyl
♦ It is a cost effective and viable gasket option for a variety of other industries including industrial equipment manufacturing, automotive glass/ windshield and building construction
♦ The VK Spacer Tape is commonly used in curtain wall and glazing and is a very economical alternative to costly high density urethanes

Dowsil Structural Spacer Tape

♦ Dowsil Spacer Tapes for Structural Glazing is specially formulated for many outdoor mounting and joining applications, including spacer tape for structural glazing
♦ It has excellent bonding strength and high holding power on low surface energy materials such as PVDF coated panel and without primer in most cases

2510 Foam Spacer Pads

♦ Green foam spacer pads for protecting glass and aluminium during transport and storage

4300 EPDM Foam Tape

♦ Maintains a watertight seal at a minimum of 30% compression. The product has good resistance to weathering, ageing, ultra-violet light, fungi, and most chemicals
♦ Remains flexible at a wide range of operating temperatures and is dimensionally stable. EPDM foam will not ooze, run or drip
♦ The product contains a long life pressure sensitive acrylic adhesive which positions foam easily on curved or irregular surfaces
♦ The 2300 EPDM Closed Cell Foam Tape is also available which is a lighter density option

4700 PVC Nitrile Foam Tape

♦ The 4700 PVC Nitrile Foam Tape is a closed cell foam that provides resistance to high temperatures, weathering, abrasion, and chemicals
♦ Suitable for insulation and weather stripping
♦ The 4900 series is also available for medium density applications

CR160 Neoprene Foam Tape

♦ The CR160 Neoprene Foam tape is perfect for Automotive Industry applications due to its high resistance to petrol's and chemicals
♦ The product is widely used in sealing applications within the bus, truck, marine and caravan manufacturers / repairers

U210 Open Cell Polyurethane Foam

♦ Highly conformable open cell foam acts as a cost effective dust and insert filter
♦ Excellent choice for light duty cushioning or vibration. Can be die cut and has a great resistance to oil and petrol
♦ Predominately used within the HVAC and Construction industry

Foam Tapes

Foam Tapes

EMJAY

E210 Polyethylene Foam

- ◆ Multi-purpose foam for insulating, shock absorbing & sealing
- ◆ Unique foam fabrication versatility of polyethylene makes its applications endless
- ◆ 100% Closed cell construction
- ◆ Low water absorption
- ◆ Excellent thermal insulation properties
- ◆ Good impact sound deadening properties
- ◆ Excellent resistance to wide range of chemicals
- ◆ Good weathering resistance
- ◆ Available in rolls or sheets depending on thickness

Die Cuts / Gaskets

- ◆ Gaska Tape Australia manufactures and converts a complete range of PVC, foam nitrile, EPDM, rubber, and sheet acoustical materials in die cut form to suit many applications
- ◆ These materials include ethylene and urethane and are all available with or without adhesive backing and can be single or double sided

Rubber Extrusions

- ◆ Gaska Tape has the product knowledge to provide our customer base with the right product for your application, in all types of industrial markets
- ◆ If it is durable and flexible rubber products for bearing, insulating, isolating or wear protection solutions that you are after, we have you covered

Silicone, Sealants and Adhesives

Foam Tapes

Bostik Glass and Glazing Silicone- Acetic Cure V2

- ◆ Bostik V2 Silicone is a general high performance acetic cure glazing silicone
- ◆ It is widely used in frameless shower screens, aquariums, and fibreglass application
- ◆ Available Colours, Translucent

Code	Description	Carton Qty	Pallet Qty
V2	300ml	15	1440

Bostik High Joint Movement Silicone V4 & 5CLM

- ◆ Bostik V4 & 5CLM Metal & Masonry Silicone
- ◆ Highly Elastic Neutral Cure
- ◆ High Movement Silicone (LM)
- ◆ Superior Adhesion to Metal & Masonry – Movement (± 35)
- ◆ Permanently elastic
- ◆ Great memory whilst caravans/motorhomes are in transit
- ◆ Available Colours V4, White
- ◆ Available Colours 5CLM, Charcoal & Dark Grey

Code	Description	Carton Qty	Pallet Qty
V4 White	370g	15	1440
5CLM Charcoal & Dark Grey	370g	15	1440

Glazing Silicone V60

- ◆ Bostik V60 Silicone
- ◆ High performance Neutral Cure Silicone
- ◆ Architectural Grade - Glass/Glazing Weather Proofing
- ◆ Approved for use in mirror glazing and with metal coated glass
- ◆ Available Colours, Translucent, White, Black, Grey, & Matt Black

Code	Description	Carton Qty	Pallet Qty
V60	300ml	15	1440

Industrial Grade Silicone

- ◆ Bostik Industrial Grade Silicone
- ◆ High Performance
- ◆ UV Resistant
- ◆ Neutral Cure
- ◆ Designed for sealing and adhering a wide variety of products
- ◆ Suitable for interior and exterior applications
- ◆ Available Colours: Clear, White, Black, Grey and Aluminium Grey

Code	Description	Carton Qty	Pallet Qty
INDUSTRIAL	300ml	20	1600

Glazing Silicone 616

- ◆ Bostik 616 Silicone
- ◆ Neutral Cure Mid Modulus Silicone
- ◆ Glass Market & Glazing Applications
- ◆ Weather Seal between glass and aluminium windows
- ◆ Offers strong adhesion to glass, coated aluminium and masonry
- ◆ Available colours: Translucent, Neutral White & Matt Black

Code	Description	Carton Qty	Pallet Qty
616	410ml	20	1600

Kitchen and Bathroom Silicone

- ◆ Bostik Bathroom and Kitchen
- ◆ High Performance
- ◆ UV Resistant
- ◆ Neutral Cure
- ◆ Designed for sealing and adhering a wide variety of products
- ◆ Suitable to seal around bathtubs, shower stalls, wall fixtures, rimless sinks, kitchen & bathroom fixtures and may be used for ceramic tile grouting
- ◆ Available Colours, White Acetic Cure, Translucent Acetic Cure, White Neutral Cure, Translucent Neutral Cure

Code	Description	Carton Qty	Pallet Qty
B&K	300ml	20	1600

Silicone, Sealants and Adhesives

Silicone, Sealants and Adhesives

Bostik No More Nails

♦ Bostik No More Nails
♦ Fast grab
♦ Bonds to a wide variety of construction and building materials
♦ Excellent slump resistance
♦ Interior and exterior applications
♦ Polystyrene safe

Code	Description	Carton Qty	Pallet Qty
NMN	320g Cartridge	15	1440

Bostik Polyurethane Adhesive Matrix FC

♦ Bostik Matrix FC
♦ Available in 365g cartridges and 720g sausages
♦ High Performance Fast Curing Polyurethane Adhesive
♦ Used in Metal Work, Bus Building, Train, Marine and RV industries
♦ Sandable and Paintable
♦ Carton Quantity 20
♦ Available Colours, White, Grey, and Black

Code	Description	Carton Qty	Pallet Qty
MATRIXFC	365g	20	1440
MATRIXFC	720g	20	900

Bostik Xtreme Flex

♦ Bostik Xtreme Flex is a high performance universal SMP Adhesive
♦ It is UV resistant, Isocyanate free
♦ Mould Resistant
♦ Permanently elastic with 400% maximum expansion
♦ Suitable with most plastics, metal, stainless steel, and wood
♦ Available Colours, White, Grey, and Black

Code	Description	Carton Qty	Pallet Qty
XTREMEFLEX	290ml	12	1296

Bostik Xtreme High Tack

♦ Bostik Xtreme High Tack is a high-performance adhesive based on SMP Adhesive technology
♦ It has high initial grab, stays permanently flexible and is Isocyanate free
♦ Suitable on mirrors, glass, most plastics, aluminium including alucobond and wood
♦ Colour - White

Code	Description	Carton Qty	Pallet Qty
XTREMEHITACK	290ml	12	1296

Gap Seal

♦ Bostik Gap Seal is a general purpose, water based Acrylic Gap Filler
♦ Suitable for use on interior and exterior areas prior to painting
♦ It can be used for filling cracks in aluminium, wood, and glass
♦ Environmentally Friendly with Low VOC
♦ Colour – White

Code	Description	Carton Qty	Pallet Qty
GAPSEAL	450g	20	1440

Bostik Simson ISR 70-03

♦ Simson ISR 70-03 is a high-quality sealant with excellent adhesive properties
♦ It is Solvent, Isocyanate and PVC free
♦ Widely used in the Bus, Caravan, Train, and Truck industries
♦ Bonds to Aluminium, Metal, Steel
♦ It is also pick resistant
♦ Colours Available – White, Black, Grey

Code	Description	Carton Qty	Pallet Qty
ISR70-03	290ml cartridge	12	1440
ISR70-03	600ml sausage	12	720

Silicone, Sealants and Adhesives

Bostik Simson ISR 70-05

♦ Simson ISR 70-05 is a MS Polymer with a high tensile strength
♦ It is Solvent, Isocyanate and PVC free and has good UV resistance
♦ It is widely used in RV, Marine and Bus Industry
♦ Bonds to Aluminium, Metal, Steel, Polyester and Windscreen
♦ Colours Available – White, Black, Grey

Code	Description	Carton Qty	Pallet Qty
ISR70-05	290ml cartridge	12	1440
ISR70-05	600ml sausage	12	720

Bostik Simson ISR 70-08

♦ Simson ISR 70-08 is a High-Quality MS Polymer for direct glazing adhesive for bonding windscreens in the Auto Aftermarket, as well as Bus, Coach and Train building
♦ Bonds to Glass and Windscreens
♦ Colour Available - Black

Code	Description	Carton Qty	Pallet Qty
ISR70-08	290ml cartridge	12	1440
ISR70-08	600ml sausage	12	720

Admil Roof and Gutter Silicone

♦ Admil Roof & Gutter N192 is a high quality 100% neutral curing silicone adhesive/sealant
♦ For general purpose roofing applications, glazing, industrial, and automotive sealing applications where, excellent adhesion, long term reliability is required
♦ Weathering and UV resistance is excellent
♦ Colours Available – Clear, White, Black, Light Grey, Aluminium Grey

Code	Description	Carton Qty	Pallet Qty
N192	300ml cartridge	20	1920

Admil General Purpose Silicone

♦ Admil Prosil10 is a premium 100% Neutral Cure Silicone Sealant/Adhesive. It is designed for general purpose glazing, industrial and automotive sealing. It has excellent Weathering and UV resistance and is suitable for many building substrates
♦ Colours Available – Clear, White, Black, Light Grey, Aluminium, Brown, Stone Beige, Woodland Grey, Classic Cream, Almond Ivory, Off White

Code	Description	Carton Qty	Pallet Qty
PROSIL10	300ml cartridge	20	1920

Admil Acetic Cure Silicone

♦ Admil Prosil 20 silicone sealant is an acetic cure high performance industrial RTV silicone
♦ It is high strength 100% silicone designed for general purpose glazing and sealing applications where long-term reliability is required
♦ Suitable for aquariums and food applications
♦ Colours Available – Clear, Black, and White, Red

Code	Description	Carton Qty	Pallet Qty
PROSIL20	300ml cartridge	20	1920

Admil General Purpose Silicone Matt Finish

♦ Admil Prosil 30 is a premium extra high strength medium modulus high performance Neutral Cure Silicone
♦ It is designed to give superior adhesion and durability in a wide range of glazing, weather sealing and trade applications
♦ Installation of solar panels
♦ Ideal where Matt finish is required
♦ Available Colours – Clear, Matt White, Matt Grey, Matt Black

Code	Description	Carton Qty	Pallet Qty
PROSIL30	300ml cartridge	20	1920

Silicone, Sealants and Adhesives

Silicone, Sealants and Adhesives

Admil High Joint Movement Silicone

- Admil Prosil 41LM is a high performance, high movement silicone
- It is perfect for cladding applications and external expansion joints where high movement and UV stability is required with a +/-50% movement
- Excellent adhesion properties superior to most other silicone and will adhere to most common building materials including glass, aluminium, concrete, plastics, wood, masonry, and most powder coated surfaces
- Available Colours Black, White and Grey

Code	Description	Carton Qty	Pallet Qty
PROSIL41LM	300ml	20	1920

Admil Glazing Silicone

- Admil Prosil 60 is a 100% fast curing, high strength neutral oxime curing silicone adhesive / sealant
- This is the strongest neutral silicone in the Admil range
- Designed for glazing, industrial, and automotive sealing applications where extra high body, excellent adhesion and quick skin time is required
- AS4020 Portable Water approval
- Complies with 5-star rating for VOC<5%
- Available Colours: Translucent, White, Black, Grey, Aluminium

Code	Description	Carton Qty	Pallet Qty
PROSIL60	300ml cartridge	20	1920

Admil Wet Area Silicone N600

- Admil N600 Wet Area Anti-Fungal Silicone is a high quality 100% Neutral oxime curing silicone adhesive/sealant containing anti-fungicide to prevent mould growth in hot and humid areas
- It is ideal for sealing in bathrooms, kitchens, hotel wash basins and shower screens etc
- Available Colours: Translucent, White, Mid Grey, Off White, Almond Ivory, Tile Grey, Light Grey, Stone Beige, Ivory, Pewter, Travertine, Bluestone, Charcoal
- Colours are indicative only and may change without notice

Code	Description	Carton Qty	Pallet Qty
N600	300ml cartridge	20	1920

Dowsil 791 - Architectural Silicone

- A one-part, medium-modulus, elastomeric sealant designed for general weather sealing. It is a silicone formulation that cures to a flexible and curable silicone rubber building joint seal
- Ideal for general glazing and weather sealing in curtain wall and building facades
- Available in Black, Grey, and White colours

Code	Description	Carton Qty
8DC791BLK	791 Silicone Cartridge 300ml - Black	24 Cartridges
8DC791SSG-BK	791 Silicone Sausage 500ml - Black	20 Sausages

Dowsil 795 - Silicone Building Sealant

- Dowsil 795 Silicone Building Sealant is a one-part, neutral-cure, architectural-grade sealant that easily extrudes in any weather and cures quickly at room temperature
- This cold-applied, non-sagging silicone material cures to a medium modulus silicone rubber upon exposure to atmospheric moisture
- Available in Black, Grey, and White colours

Code	Description	Carton Qty
8DC795BLK	795 Silicone Cartridge 300ml - Black	24 Cartridges
8DC795SSG-BK	795 Silicone Sausage 600ml - Black	20 Sausages

Silicone, Sealants and Adhesives

Dowsil 688 - Glazing and Cladding Sealant

♦ One-part neutral cure silicone sealant designed for a wide range of glazing, weather sealing and professional caulking applications
♦ It will bond to form a strong weatherproof seal on most common building materials
♦ Available in Black, Grey, and White colours

Code	Description	Carton Qty
8DC688BLK	688 Silicone Cartridge 300ml - Black	24 Cartridges
8DC688SSGBLK	688 Silicone Sausage 600ml - Black	20 Sausages

Dowsil - Neutral Plus Silicone Sealant

♦ A cost effective, multi-purpose, neutral cure silicone sealant offering long term durability in a range of general sealing, general glazing, waterproofing and trade applications. Non-corrosive to concrete, brick, and metals

Code	Description	Carton Qty
8DCNP-TRANS	Neutral Plus Silicone 300ml - Translucent	24 Cartridges

Admil MS Polymer SMP25

♦ Admil Mastersil SMP 25 is a transport grade MS Polymer Sealant/Adhesive
♦ It is isocyanate and solvent free, medium curing, highly flexible and paintable
♦ Excellent adhesion
♦ Excellent UV resistance
♦ Good chemical resistance
♦ Specifically designed for bonding applications in the OEM transportation, automotive, RV, Marine and industrial Industries
♦ Available Colours: White and Black cartridges & sausages, & grey sausages

Code	Description	Carton Qty	Pallet Qty
SMP25C	440g cartridge	20	1920
SMP25S	860g sausage	20	960

Silicone, Sealants and Adhesives

Admil MS Polymer SMP50

♦ Admil Mastersil SMP 50 is a transport grade MS Polymer Sealant/Adhesive
♦ It is isocyanate & solvent free, fast curing, highly flexible and paintable
♦ Excellent adhesion
♦ Excellent UV
♦ Good chemical resistance
♦ Specifically designed for semi – structural bonding applications in the OEM transportation, automotive, vehicle assembly, marine, industrial and manufacturing industries
♦ Available Colours: White and Black

Code	Description	Carton Qty	Pallet Qty
SMP50C	480g cartridge	20	1920
SMP50S	920g sausage	20	960

Supaseal Polyurethane Adhesive

♦ SupaSeal Enduro FC is a High Modulus, Hybrid Polyurethane that is a flexible joint sealant and adhesive
♦ It is Isocyanate Free and has outstanding adhesion to most common substrates like aluminium, timber, Fibreglass, Plasterboard & Concrete
♦ Other features include Strong bond, low odour and paintable
♦ Available Colours Black, Grey and White

Code	Description	Carton Qty	Pallet Qty
SUPASEAL	950g sausage	20	960

AW901 Cleaner/Thinner

♦ Bostik 901 Cleaner/Thinner
♦ Reduces viscosity of neoprene-based adhesive
♦ General cleaner for metal and rubber surfaces
♦ Available in 20Ltr Drum

Code	Description	Qty
AW901	20 Ltr Drum	Each

Silicone, Sealants and Adhesives

AW802 Plastic Surface Cleaner

- ♦ Bostik 802 ABS Cleaner
- ♦ Cleans plastic surfaces such as ABS, Melamine and PVC
- ♦ Cleaning of moulded plastic components
- ♦ Removal of adhesive residue
- ♦ Available in 20Ltr Drums

Code	Description	Carton Qty
AW802	20 Ltr Drum	Each

Bostik TG4X Hot Melt Glue Gun

- ♦ Hot Melt Glue Gun
- ♦ Lightweight, robust design
- ♦ Electrically operated with trigger
- ♦ Bonds most materials quickly and efficiently
- ♦ Takes all 12mm Glue Sticks

Code	Description	Carton Qty
TG4X	Hot Melt Glue Gun	Each

EMJAY Glue Sticks

- ♦ Emjay Premium EVA Glue sticks
- ♦ Perfect for most packaging applications
- ♦ 12mm diameter
- ♦ Available in 1kg, 5kg, 15kg

Code	Description	Carton Qty
30840024	Bostik 6303 Hot melt glue sticks	1kg
30840028	Bostik 6303 Hot melt glue sticks	5kg
30804592	Bostik 6303 Hot melt glue sticks	15kg

Spray Contact 2701

- ♦ Bostik 2701 Clear and 2700 Red
- ♦ High Performance Spray Adhesive
- ♦ Very high early green strength
- ♦ Heat resistance (120 C+)
- ♦ High Solids content
- ♦ N-Hxane safe
- ♦ Post forming Grade
- ♦ Available in 20L and 200L Drums

Code	Description	Carton Qty
2701	Clear Spray Adhesive	Each
2700	Red Spray Contact Adhesive	Each

Spray Contact 107/108

- ♦ Bostik 107 Clear and 108 Red
- ♦ Spray Contact Adhesive featuring good heat resistance
- ♦ Good spray ability
- ♦ High early green strength
- ♦ Fast assembly time
- ♦ Available in 20L and 200L Drums

Code	Description	Carton Qty
107	Clear Spray Contact Adhesive	Each
108	Red Spray Contact Adhesive	Each

Bostik Hybond GP PVA

- ♦ General Purpose PVA Glue
- ♦ Suitable for use with most timber and particle board
- ♦ Used in Cabinet Making
- ♦ Available in 20L Drums

Code	Description	Carton Qty
PVA	PVA -General Purpose	Each

Silicone, Sealants and Adhesives

Silicone, Sealants and Adhesives

Bostik AVXL Plus Single Pack Crosslinking PVA Glue

♦ Medium to fast setting premium PVA Glue
♦ High heat and humidity resistance when dried at normal or elevated temperatures
♦ Available in 5L and 20L drums
♦ Can be used in both cold pressing and hot-pressing applications

Code	Description	Carton Qty
PVA/FS	PVA- Medium to Fast Setting	Each

Cartridge Gun

♦ High Quality Silicone Cartridge Gun
♦ Reinforced Nylon with a smooth trigger operation
♦ Lightweight at just 340g
♦ Drip Free Function removes pressure from the cartridge to eliminate mess and frustration

Code	Description	Carton Qty
CG	Manual Cartridge Gun	Each

Sausage Gun

♦ High Quality Silicone Sausage Gun
♦ Takes large sausages
♦ Caulking or sealing
♦ Trigger Action

Code	Description	Carton Qty
600G	600ml Manual Sausage Gun	Each

Silicone, Sealants and Adhesives

Equipment Wipes

♦ Bostik Handy Wipes
♦ Convenient easy tear off towels (70)
♦ Contains d-Limonene
♦ Won't scratch or mark
♦ Gentle on hands and skin
♦ Waterless
♦ Cleans tools and equipment with ease

Code	Description	Carton Qty
BOS30840451	Bostik Cleaning Wipes	Each

Silicone Spatula

♦ Flexible Silicone Spatula
♦ Ideal for tooling off silicone
♦ Smooth finish and long lasting
♦ Available in packets of 5 spatulas

Code	Description	Carton Qty
C/G2410	Silicone Spatula	Each
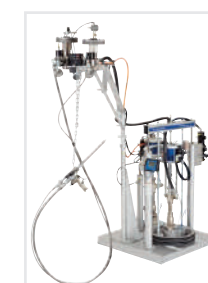

Graco ExactaBlend™ AGP Machine

♦ The Graco ExactaBlend™ AGP (Advanced Glazing Proportioner) provides on-ratio dispensing of two-component sealants and adhesives for curtainwall, insulating glass and other applications
♦ The ExactaBlend™ AGP provides accurate, on-ratio mixing and a consistent flow rate, even during pump changeover
♦ Quick and easy setup – operator simply enters the ratio setting
♦ The system monitors the flow rate of the base material and automatically adjusts the catalyst flow rate to achieve an on-ratio dispense
♦ Provides alarms, material usage and flow rate

Code	Description	Carton Qty
8GRACO-AGPM	Graco Exactablend AGP Machine	Each

Silicone, Sealants and Adhesives

Bostik N40 Primer

♦ Nonporous surface primer
♦ Cleaner for metal and some plastic surfaces
♦ Promotes high bond strength for polyurethanes

Code	Description	Carton Qty
30608603	1ltr	1

Bostik N49 Primer

♦ Porous surface primer
♦ Cleaner for concrete, render or brick
♦ Promotes high bond strength for polyurethanes

Code	Description	Carton Qty
30608602	1ltr	1

Bostik 9210 Primer

♦ Enhances adhesion to polypropylene surfaces
♦ Can be used in conjunction with Urethane, Silicone or SMP

Code	Description	Carton Qty
30840329	1ltr	1

Bostik Simson Prep P

♦ Cleaner and adhesion promotor for porous substrates
♦ Suitable substrates include Brickwork, Concrete, Wood & Timber

Code	Description	Carton Qty
30023300	500ml	1

Bostik Simson Prep M

♦ Cleaner and adhesion promotor for Simson SMP products
♦ Suitable substrates include Ceramic coated glass, plain aluminium, steel, powder coated metals

Code	Description	Carton Qty
30608604	250ml	1
30608463	1ltr	1

Bostik Simson Prep G Extra

♦ UV blackout prep
♦ Suitable for windscreens and windows in the auto aftermarket
♦ Key markets include automobile, bus, ship, and train industries
♦ Use with Bostik Simson 70-08

Code	Description	Carton Qty
30602131	250ml	1

Bostik Simson Prep K

♦ Enhancing adhesion on plastics
♦ To be used in conjunction with Bostik Simson SMP
♦ Pretreatment of plastics such as hard & soft PVC and ABS

Code	Description	Carton Qty
30022830	500ml	1

Silicone, Sealants and Adhesives

Silicone, Sealants and Adhesives

3M Products

3M™ Box Sealing Tapes

3M™ Scotch® Box Sealing Tape 370

♦ 3M™ Scotch® Packaging Tape 370 is a general-purpose packaging tape used for carton sealing, splicing and other packaging applications
♦ This tape has a conformable backing and a consistent pressure sensitive hot melt synthetic rubber adhesive system

3M™ Scotch® Box Sealing Tape 371

♦ 3M™ Scotch® Box Sealing Tape 371 securely closes a wide variety of box and carton materials, including corrugated fibreboard
♦ The moisture-resistant polypropylene backing resists abrasion, chemicals, and scuffing to hold strong throughout the shipping process
♦ It easily conforms around edges and on rough surfaces to provide a lasting hold

3M™ Scotch® Box Sealing Tape 372

♦ 3M™ Scotch® Box Sealing Tape 372 features a resilient polypropylene backing that resists moisture, abrasion, chemicals, and scuffing to hold strong throughout the shipping process
♦ Our professional-grade tape easily conforms around edges, sticks to rough surfaces and flexes under stress to maintain a strong, durable seal

3M™ Scotch® Box Sealing Tape 373

♦ 3M™ Scotch® Box Sealing Tape 373 securely closes a wide variety of box and carton materials, including corrugated fibreboard
♦ Our moisture-resistant polypropylene backing resists abrasion, chemicals, and scuffing to hold strong throughout the shipping process
♦ We make it easy to handle and dispense so the tape conforms around edges and on rough surfaces for a tight seal

3M Products

3M™ Case Sealer Machines

3M-Matic™ Case Sealer 700a

3M-Matic™ Case Sealer 700a With 3M™ AccuGlide™ 3 Taping Head is an adjustable top and bottom belt drive to dependably seal uniform cases at up to 40 per minute.

Seals case length of 152mm and up; width of 152mm to 540mm; height of 120mm to 620mm.

♦ Consistent durable case taper that manually adjusts to handle multiple box sizes
♦ Rugged construction with 16-gauge welded steel frame and powder coat paint finish
♦ Top and bottom belt drive for positive box conveying
♦ Dual masts with lead screws for greater stability of taping head
♦ 3M™AccuGlide™ 3 Taping Heads allow for low impact sealing that protects cases
♦ Compression rollers squeeze flaps to together to create a tight centre seam
♦ Adjustable side guides centre cases
♦ Emergency stop is positioned for fast and easy access

3M-Matic™ Case Sealer 800a

3M-Matic™ Case Sealer 800a with 3M™ AccuGlide™ 2 Taping Head is an adjustable side belt drive case sealer. Seals up to 40 cases per minute, using tape widths from 36 mm to 48 mm.

Seals case lengths of 152mm and up; widths 115mm to 546mm; and heights 12mm to 622mm.

♦ Consistent durable case taper that manually adjusts to handle multiple box sizes
♦ Rugged construction with 16-gauge welded steel frame and powder coat paint finish
♦ Side belt drive for narrow profile boxes
♦ Food and beverage, paper and print, distribution centres, pharmaceutical and general industrial
♦ Case sealing, box sealer, taper, adjustable case sealer

3M-Matic™ Adjustable Case Sealer a88

3M-Matic™ Adjustable Case Sealer a88 with T8 Taping head is an affordable increase in productivity for top and bottom sealing of regular slotted cartons.

A fully adjustable side belt drive case sealer that can seal up to 27 cases per minute depending on size.

The packaging tape machine is ideal for many industries including manufacturing, logistics, winery and food and beverage. Maximize your production line throughput while lowering your packaging costs with 3M-Matic™ Case Sealers.

3M™ Stretchable Tapes

3M™ Scotch® Stretchable Tape 8886

3M™ Scotch® Stretchable Tape 8886 is a clear polyethylene backing with a rubber resin adhesive.

Scotch® Stretchable Tape 8886 provides 3 n/m tensile strength at break. When stretched provides a strong backing for palletising, load containment, bundling and strapping applications.

♦ Tape stretches 600% for medium to heavy duty applications
♦ The stretching process decreases adhesion level to prevent product surface damage
♦ After stretching, polyethylene backing increases in strength for bundling and strapping applications

3M™ Masking Tapes

3M™ Value Masking Tape 101+

3M™ Value Masking Tape 101+ is a cost-effective crepe paper tape that holds, bundles, seals, and performs other non-critical taping jobs where a pressure sensitive tape is needed.

♦ This tape offers controlled unwind to prevent shredding or splintering and tears easily from the roll by hand

3M™ General Use Masking Tape 201+

Use 3M™ General Use Masking Tape 201+ for general indoor applications to fulfil light-to-medium duty bundling such as wrapping electrical cords, air hoses, quickly bundling parts and other light industrial items.

♦ Sticks to a variety of surfaces including paper, fibreboard, glass, rubber, plastic, and metal
♦ Crepe paper backing is hand tearable
♦ Unwinds smoothly for easy to control, application, and removal
♦ Dependable for use in temperatures up to 200° F/ 93° C for 30 minutes
♦ Tough masking tape seals, holds, bundles, labels, wraps, splices, and protects

3M™ Masking Tapes

3M™ Performance Yellow Masking Tape 301+

3M™ Performance Yellow Masking Tape 301+ was developed as an industrial-strength masking tape that sticks instantly to most surfaces including metal, rubber, glass, plastic and removes easily to create sharp paint lines. This distinctive tape remains in place when formed around corners, through contours, and over irregular surfaces without lifting or curling.

3M Performance Yellow Masking Tape 301+ has a temperature use range up to 225° F (107° C) for 30 minutes so that sharp paint lines can be created in room temperature or paint-bake operations.

3M™ High Performance Green Masking Tape 401+

3M™ High Performance Green Masking Tape 401+ is an ideal tape for industrial painting, including two-tone color applications on trucks, buses, trailers, trains, fire trucks, ambulances and airplanes. It is easy to tear, which aids in handling, yet strong enough to resist slivering, providing "user friendly," one-piece removal. The tape is conformable for easy masking around corners, over contours and irregular surfaces.

Withstands surface temperatures up to 121 degrees C for 30 minutes for paint bake operations.

3M™ High Temperature Masking Tape 501+

3M™ High Temperature Masking Tape 501+ is our premium high performance crepe paper masking tape designed to create super-sharp paint lines in most industrial painting situations, including high-temperature bake cycles of up to 300 degrees for 30 minutes, and provide clean, one piece removal.

◆ Provides instant adhesion to metal and other surfaces and resists lifting or curling for super-sharp paint lines
◆ Conforms and maintains integrity when formed around a corner
◆ Backing is easy to tear, resists slivering and provides one piece removal
◆ Smooth, controlled unwind dispenses evenly and is less likely to tear off roll

3M™ Masking Tape 2308

3M™ Masking Tape 2308 is a general-purpose masking tape for holding, bundling, sealing, general paint masking and a vast number of other jobs where a pressure sensitive tape is needed.

3M™ Masking Tape 2308 has a rubber adhesive for instant adhesion that sticks easily and helps reduce labour. Has good holding power to help resist lifting or curling. Crepe paper backing that is conformable to maintain integrity when formed around a corner. Ideal for easy tear, hand tearable, good paint hold-out that resists bleed-through and controlled unwind.

3M™ Performance Automotive Masking Tape 233+

3M™ Performance Automotive Masking Tape 233+ features a unique green crepe paper backing that is highly conformable for use on all complex contours of a vehicle.

The specially formulated adhesive provides the sharpest paint line on a variety of surfaces, including moldings, plastic, glass, metal, rubber and painted surfaces. This painter's tape provides clean removal without slivering for up to two days of outdoor exposure, and longer for indoor exposure.

3M™ Performance Automotive Masking Tape also has excellent transfer resistance, resistance to paint bleed-through, good adhesion to steel (0.27 n/m width), good tensile strength (1.8 n/m) and good temperature resistance up to 121 ºC for up to 30 minutes.

3M™ VHB Tapes

3M™ VHB™ Tape 4941

3M™ VHB™ Tape 4941 is a conformable, double-sided, pressure-sensitive, closed-cell acrylic foam tape.

Bonds high and medium surface energy substrates. Provides handling convenience, cushioning, damping, and impact resistance. Plasticiser resistant.

◆ Fast and easy-to-use permanent bonding method provides high strength and long-term durability
◆ Grey, 1.1 mm, multi-purpose adhesive and conformable acrylic foam core offers a good balance of strength and conformability
◆ Eliminate drilling, grinding, refinishing, screwing, welding and associated clean-up
◆ Creates a permanent seal against water, moisture and more
◆ Pressure sensitive adhesive bonds on contact to provide immediate handling strength

3M Products

3M Products

3M™ VHB™ Tape 4991

3M™ VHB™ Tape 4991 is a conformable, double-sided, pressure-sensitive, closed-cell acrylic foam tape with a PE film liner.

Bonds high and medium surface energy substrates. Provides handling convenience, cushioning, damping, and impact resistance. Plasticiser resistant. UL listing 746C.

♦ Fast and easy-to-use permanent bonding method provides high strength and long-term durability
♦ Grey, 2.3 mm, multi-purpose adhesive and conformable acrylic foam core offers a good balance of strength and conformability
♦ Eliminate drilling, grinding, refinishing, screwing, welding and associated clean-up
♦ Creates a permanent seal against water, moisture and more
♦ Pressure sensitive adhesive bonds on contact to provide immediate handling strength

3M™ VHB™ Tape 4910

3M™ VHB™ Tape 4910 Clear is ideal for transparent materials or wherever a clear bond is needed, effectively replacing screws, rivets, and studs when bonding materials; resulting in a permanent hold and clean appearance. Our 40.0 mil tape provides short-term temperature resistance up to 300°F (149°C) and long-term resistance of up to 200°F (93°C).

Unlike screws or rivets, 3M VHB Tape spreads the stress load across the entire length of the joint and will accommodate variable expansion and contraction rates. Once materials are joined, a virtually indestructible weld is created. This tape's clear construction is ideal for applications such as sealing skylight inner/outer dome assemblies and/or edge-bonding resin filled glass.
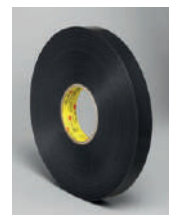

3M™ VHB™ Tape 4950

3M™ VHB™ Tape 4950 replaces screws, rivets and studs to permanently adhere one substrate to another while spreading the stress load across the entire length of the joint.

Once materials are joined with 3M VHB Tape, a virtually indestructible weld is created. 3M™ VHB™ tape combines the most conformable acrylic foam with modified acrylic adhesive.

3M™ VHB™ Architectural Panel Tapes B90F

3M™ VHB™ Architectural Panel Tapes B90F and 3M™ VHB™ Tape GPH160 are high performance double-sided pressure sensitive acrylic foam tapes used in the fabrication of architectural panel systems.

Stiffeners can be attached prior to liquid paint or powder coat processes involving a paint-bake cycle or post-paint.

These tapes are a fast and easy-to-use permanent bonding method providing high strength and long-term durability since 1980.

3M™ VHB™ Structural Glazing Tape B23F

3M™ VHB™ Structural Glazing Tape B23F is a black, 2.3 mm, multi-purpose acrylic adhesive with a conformable foam core and film liner. It is commonly used for structural glazing. The fast and easy to use permanent bonding method provides high strength and long-term durability.

♦ Fast and easy-to-use permanent bonding method provides high strength and long-term durability
♦ Virtually invisible fastening keeps surfaces smooth
♦ Black, 2.3 mm, multi-purpose adhesive and conformable acrylic foam core offers a good balance of strength and conformability
♦ Creates a permanent seal against water, moisture and more
♦ Pressure-sensitive adhesive bonds on contact to provide immediate handling strength

3M™ VHB™ Tape GPH-110GF

3M™ VHB™ Tape GPH-110GF is a grey 1.1mm permanent bonding solution that can replace traditional mechanical fasteners and liquid adhesives in challenging, high temperature applications. Its acrylic foam core provides a good balance of strength and conformability.

3M VHB Tape GPH-110GF has excellent temperature resistance, ideal for powder coat or liquid paint processes which undergo a heat bake cycle.

♦ Fast and easy to use permanent bonding, provides high strength and long term durability
♦ Excellent high temperature resistance (short term 230˚C) allows for bonding prior to powder coat or liquid painting processes
♦ Using tapes could eliminate drilling, grinding, refinishing, screwing, welding
♦ High dynamic stress absorption reduces vibration and impact stress
♦ Closed-cell construction allows both bonding and sealing
♦ Allows the use of thinner, lighter weight and dissimilar materials

3M Products

3M Products

3M™ VHB™ Tape GPH-160GF

3M™ VHB™ Tape GPH-160GF is a grey 1.6mm permanent bonding solution that can replace traditional mechanical fasteners and liquid adhesives in challenging, high temperature applications. Its acrylic foam core provides a good balance of strength and conformability.

3M™ VHB™ Tape GPH-160GF has excellent temperature resistance, ideal for powder coat or liquid paint processes which undergo a heat bake cycle.

♦ Fast and easy to use permanent bonding, provides high strength and long term durability
♦ Excellent high temperature resistance (short term 230˚C) allows for bonding prior to powder coat or liquid painting processes
♦ Using tapes could eliminate drilling, grinding, refinishing, screwing, welding
♦ High dynamic stress absorption reduces vibration and impact stress
♦ Closed-cell construction allows both bonding and sealing
♦ Allows the use of thinner, lighter weight and dissimilar materials

3M™ VHB™ Tape 4957

3M™ VHB™ Tape 4957 is a conformable, double-sided, pressure-sensitive, closed-cell acrylic foam tape with a PET film liner.

Bonds high surface energy substrates. Provides handling convenience, cushioning, damping, and impact resistance. Can be applied as low as 0 °C.

3M™ Tape Primer 94

3M™ Tape Primer 94 is an adhesion promoter for use in conjunction with 3M™ VHB™ Tape.

For use on many plastic, rubber, painted and bare metal substrates.

♦ Adhesion promoter
♦ Useful on a wide variety of substrates
♦ Can be applied with a brush or swab for small areas and a pressurised flow gun for larger areas
♦ Dries to a clear finish
♦ Cleans up with isopropyl alcohol

3M™ Extreme Seal Tapes

3M™ Extreme Sealing Tape 4411G

3M™ Extreme Sealing Tape 4411G is a highly conformable, single-side acrylic tape with a high-performance ionomer backing.

This sealing tape creates water tight seals and sticks on contact to numerous substrates without drying time, dripping, oozing or clean-up. It conforms over contours, edges, rivets, and screw heads.

3M Extreme Sealing Tape is paintable to colour-blend with adjoining surfaces and holds securely through sun, rain, snow, temperature extremes.

♦ Sticks on contact to many metals and plastics without drying time, dripping, oozing and clean up
♦ Provides immediate seal with no wait time or oozing associated with liquid sealants
♦ Acrylic adhesive provides excellent sealing qualities and good outdoor durability

3M Products

3M Products

3M™ Extreme Sealing Tape 4412N

3M™ Extreme Sealing Tape 4412N is a 2.0 mm thick, highly conformable, single-side acrylic tape with a high-performance ionomer backing. Our tape was specifically designed to give you professional results under outdoor exposure to direct sunlight, as well as temperature and humidity extremes while creating an effective seal over an existing joint, seam, or penetration.

It is an ideal solution for "roof-to-trim" sealing and sealing around roof top mechanical fasteners on commercial vehicles, allowing you to forego the need for large quantities of liquid sealants. We manufacture this tape to be very tacky making it the solution that meets a wide variety of difficult sealing applications. As a single coated tape, the sealing is generally done by "oversealing" an existing joint or penetration, as opposed to "between surface sealing" applications which are typically done with a double coated tape, gasket, or liquid sealant/adhesive.

The acrylic adhesive used in the 3M™ Extreme Sealing Tape is manufactured from the same technology platform as our 3M™ VHB™ Tapes.

3M™ Floor Marking Tape

3M™ Vinyl Tape 471

3M™ Vinyl Tape 471 is commonly used for marking hazards and aisles, color-coding, paint masking, decorative trim, splicing, and more. Made from vinyl backing with rubber adhesive, this versatile tape resists scrapes, wear, and weathering for long lasting use.

♦ Maintains vivid colour even when exposed to abrasion and solvents
♦ Ideal for floor marking and safety identification
♦ Allows fast and easy application to a variety of surfaces
♦ Easy removal with no adhesive transfer makes clean-ups efficient

3M™ Ultra Durable Floor Marking Tape 971

3M™ Ultra Durable Floor Marking Tape 971 stands up to your ever-changing conditions. The flexible floor marking you need for tough, high-traffic conditions.

Designed to withstand the scuffing from pallets and heavy equipment found in high traffic areas. Its unique adhesive provides a strong bond to the floor yet promotes one piece clean removal. The thick vinyl backing is easy to clean and provides excellent abrasion resistance. Tape withstands lifting, curling, and peeling from forklift traffic and dragging pallets.

3M™ Transfer Tapes

3M™ Scotch® ATG Adhesive Transfer Tape 924

Scotch® ATG Adhesive Transfer Tape 924 is an acrylic, reverse wound, pressure sensitive adhesive on a densified kraft paper liner. General purpose adhesive transfer tape. For use with Scotch® ATG Adhesive Applicators.

Bond a wide variety of similar and dissimilar materials such as metals, glass, wood, papers, paints, and many plastics.

Some application ideas include mounting promotional items, posters, etc. Core starting. Mounting picture frame mat boards and dust covers.

3M™ Scotch® ATG Adhesive Transfer Tape 926

3M™ Scotch® ATG Adhesive Transfer Tape 926 is a 350 acrylic, reverse wound, pressure sensitive adhesive on a densified kraft paper liner. High performance adhesive transfer tape. For use with Scotch® ATG Adhesive Applicators.

Ideal for applications requiring high bond strength, high shear strength and high temperature performance. Some application ideas are: nameplates on award plaques, bonding foam insulation, difficult to bond folders and boxes and substrates requiring a higher internal strength adhesive.

A high performance adhesive transfer film tape that works a wide variety of substrates and materials. It offers excellent solvent resistance and can be used in high temperature applications.

The ATG tape system delivers a controlled application of the adhesive while the liner rewinds into the ATG applicator. It bonds on contact and works on a variety of substrate or material combinations.

The ATG tape system is versatile, convenient, quick and easy to use. There is no mess or clean up. It is a cost effective replacement to rivets, staples, screws, bolts, liquid adhesives. Safer than hot melt adhesives.

Use for high bond strength, high shear strength and high temperature performance.

3M Products

3M Products

3M™ Adhesive Transfer Tape 465

3M™ Adhesive Transfer Tape 465 offers instant adhesion to metals, glass, wood, papers and plastics. It features easy liner release or an easy release liner for both manual and hand applications.

It is an excellent choice for high-speed flying spices and zero-speed splices on most grades of paper in commercial print applications.

♦ Bonds a wide variety of substrates including metal, glass, wood, paper, paint and many plastics
♦ Provides consistently strong bonds in temperatures up to 121°C

3M™ Scotch® ATG 700 Dispenser

3M™ Scotch® ATG 700 Dispenser offers a lightweight, portable, one-hand solution for applying adhesive transfer tape to metal, plastic, foam, paper and more. No preparation is necessary, and the applicators do not produce fumes, vapours or strong odours. Additionally, they provide consistent thickness with no mess from oozing, glue lines or aerosol-adhesive overspray.

During use, the adhesive transfer tape's liner removes automatically and rewinds into the applicator. The adhesive system allows you to only use the necessary amount of tape, while providing an option for exchanging to new or previously used rolls of adhesives with different performance attributes.

♦ Applies adhesive while removing and rewinding liner back into the applicator to eliminate clean-up
♦ Provides controlled application with the squeeze of a trigger
♦ Transparent cover provides quick and easy inspection to show remaining tape

3M™ Double Coated Urethane Foam Tapes

3M™ Double Coated Urethane Foam Tape 4008

3M™ Double Coated Urethane Foam Tape 4008 is a thick, double-coated open-cell urethane foam tape with a 28 kg. densified kraft paper liner.

Ideal for applications such as mounting interior signage and nameplates. This tape provides handling convenience and cushioning.

♦ High shear strength on metal and high surface energy plastics
♦ Durable foam is ideal for interior mounting applications
♦ Ideal for bonding, attaching, and mounting
♦ Thick foam dampens and prevents vibration and open-cell structure aids component cooling

3M™ Double Coated Urethane Foam Tape 4016

3M™ Double Coated Urethane Foam Tape 4016 is a thick, double-coated open-cell urethane foam tape with a 62 lb. densified kraft paper liner and is ideal for applications such as mounting interior signage and nameplates. Its 62 mil foam provides handling convenience and cushioning.

Open-cell foams are commonly used to create separation between component panels where a degree of separation is needed to dampen or prevent vibration, as a thermal insulation barrier and protect against contamination, but where a measure of airflow is still necessary, such as with electronic components where airflow helps keep components cool.

♦ High shear strength on metal and high surface energy plastics
♦ Durable foam is ideal for interior mounting applications
♦ Ideal for bonding, attaching and mounting
♦ Thick foam dampens and prevents vibration and open-cell structure aids component cooling
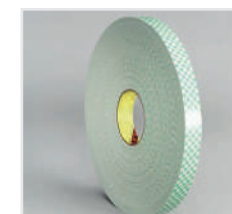

3M™ Double Coated Urethane Foam Tape 4032

3M™ Double Coated Urethane Foam Tape 4032 is a thick, double-coated, open-cell urethane foam tape with a paper liner.

Bonds surfaces and provides handling convenience.

♦ High shear strength
♦ Durable on interior mounting applications
♦ Ideal for bonding, attaching, and mounting
♦ The foam dampens and prevents vibration

3M Products

3M™ Hotmelt Adhesives

3M™ Hot Melt Adhesive 3762

3M™ Hot Melt Adhesive 3762 is a 100% solids thermoplastic adhesive with excellent "Hot Tack".

3M™ Hot Melt Adhesive 3762 features excellent "hot tack". Bonds to corrugated and display materials. Made from components listed as indirect food additives under FDA regulation for adhesives.

3M™ Hot Melt Adhesive 3764

The 3M™ Hot Melt Adhesive 3764 is a clear, 100% solids thermoplastic adhesive capable of bonding to many plastics, including polyolefin.

Formulated to be flexible at low temperatures, this hot melt adhesive was designed to deliver exceptional performance for a wide range of applications and industries.

3M™ Hot Melt Adhesive 3738

3M™ Hot Melt Adhesive 3738 features a 50 second open time that allows for positioning and adjustment on wood, polypropylene, corrugated boxes and lightweight substrates.

Its nearly instant bonding property reduces production time for POP assembly, joining, attaching, securing, repairing, potting, panel bonding, wire tacking, bundling, sealing, encapsulating, rigidizing, foam bonding, and packaging.

3M™ Hot Melt Applicators

3M™ Hot Melt Applicators are designed to help improve productivity, lower costs and minimize waste in industrial applications.

From high volume to detail work, 3M™ Hot Melt Applicators ensure optimum performance through melt-on-demand or progressive feed technology to meet your production deadlines.

♦ Lightweight designs offer easy handling
♦ Uniquely designed for 3M™ Hot Melt adhesives sticks
♦ Meet the needs of low and high volume dispensing
♦ Can be customized with accessories to meet application specifications
♦ Balanced designs for easy, controlled application
♦ Designed for comfort and ergonomics in mind

3M™ Adhesive Sprays

3M™ Foam Fast 74 Spray Adhesive

3M™ Foam Fast 74 Spray Adhesive is an extremely fast tacking industrial grade spray adhesive for bonding foam and fabric. Used for bonding flexible urethane or latex foam together and to other materials such as wood, metal and plastics.

Features include high coverage, soft bond lines, and immediate bonds. Not recommended for bonding vinyl.

♦ Soft bond lines
♦ Aggressive tack
♦ Foam tearing strength
♦ Allows for a bond time of 15 seconds to 30 minutes

3M™ Hi-Tack 76 Spray Adhesive

3M™ Hi-Tack 76 Spray Adhesive is an industrial aerosol spray adhesive with high tack for one surface bonding applications.

Forms very strong one surface bonds on many hard to bond materials such as polyethylene sheeting. It also bonds rubber, fabric, felt, foil, plastics, glass, and other surfaces.

♦ Fast aggressive tack
♦ Capable of one surface bonding
♦ Bonds many substrates such as polyethylene, rubber, fabric, felt, plastics and glass
♦ Low-misting property allows for precise spray control

3M™ Super 77™ Multipurpose Spray Adhesive

3M™ Super 77™ Multipurpose Spray Adhesive is an extremely versatile, fast-drying, and transparent spray adhesive that bonds a wide range of lightweight materials. Our fast, permanent bond provides fast results to keep projects moving ahead. The spray formula is easy to dispense and apply directly onto surfaces and materials where you need.

The combination of fast tack, strong bond, and clean appearance make it ideal for projects all throughout your home or business. It forms strong bonds a wide array of materials including paper, cardboard, fabric and cushion foam to plastic, metal, wood and much more.

3M Products

3M Products

3M™ Hi-Strength 90 Spray Adhesive

3M™ Hi-Strength 90 Spray Adhesive is our fast-drying, transparent spray adhesive that bonds on concrete, wood, MDF, laminates, polyethylene and more. It's extremely strong bond gives you fast results to keep projects moving forward. This industrial grade formula is easy to dispense and apply directly to surfaces and materials and provides the added benefit of high heat and moisture resistance.

- Finger-touch, targeted control ensures minimal overspray, waste, and cleanup
- Extreme high-strength and fast-tack adhesive provides strong permanent bond
- Ideal adhesive for decorative laminates, particleboard, and many other materials, even polyethylene, polypropylene, and SBR rubber
- 1 minute dry time for fast, extremely strong permanent results and high productivity

3M™ Scotch-Weld™ Epoxys

3M™ Scotch-Weld™ Low Odour Acrylic Adhesive 810

3M™ Scotch-Weld™ Low Odour Acrylic Adhesive 810 is a toughened, two-part acrylic adhesive. 1:1 mix ratio, 10 minute work life and handling strength in approximately 10 minutes.

This unique acrylic gives you the strong shear and peel strength along with good impact resistance for durability to meet demanding end-use applications.

It bonds on a variety of substrates ranging from metals, composite and many plastics including nylon. The acrylic adhesive cures to a tan or black colour.

3M™ Scotch-Weld™ Epoxy Adhesive DP110

3M™ Scotch-Weld™ Epoxy Adhesive DP110 Translucent is a versatile product and works on a variety of substrates including metals, concrete, composites, ceramics, many plastics and wood. The low viscosity makes it easy to dispense and self-level; and an effective tool for filleting and potting.

It features high shear strength and good peel and impact performance that, when combined with good flexibility, make it ideal for a variety of applications in the transportation, specialty vehicle, electrical, general industrial, sporting goods, construction, and consumer goods industries.

3M™ Scotch-Weld™ Structural Plastic Adhesive DP8005

3M™ Scotch-Weld™ Structural Plastic Adhesive DP8005 is a two-part acrylic adhesive specially formulated to bond many low surface energy plastics, including many grades of polypropylene, polyethylene, and thermoplastic elastomers (TPEs) without special surface preparation.

- Joining plastics to metals, such as in the manufacture or repair of appliances
- Bonding low surface energy plastics without priming
- Impact resistance composite bonding
- Manufacture or repair of various sporting goods equipment
- Low surface energy plastics such as polypropylene, polyethylene and thermoplastic elastomers (TPEs)

3M™ Scotch-Weld™ Low Odour Acrylic Adhesive DP8805NS

3M™ Scotch-Weld™ Low Odour Acrylic Adhesive DP8805NS is our standard low-odour, non-sag, toughened, two-part acrylic adhesive. This adhesive is an ideal choice for a wide variety of industrial and commercial applications since it reaches structural strength twice as fast as most other competitive acrylic adhesives with a comparable open time.

- Metalworking such as HVAC, appliance, sporting goods, and specialty vehicles
- Sign manufacturing such as panel to frame bonding, trim attachment, letter bonding, and frame assembly
- Bonding plastics, composites and powder coats to metal
- Typically used for smaller parts where faster assembly is required

3M™ Adhesive Cleaners

3M™ Adhesive Cleaner 100

Versatile, general solvent based cleaner.

Suitable for cleaning contaminated surfaces prior to bonding, removal of adhesive residue or dismantling previously bonded parts.

3M™ hIPA Adhesive Cleaner 300

An isopropyl alcohol (IPA) spray that cleans surfaces prior to the application of a 3M tape or adhesive, particularly 3M™ VHB™ Tape.

Packaged in an aerosol, the product is easy to apply, quickly cleaning grease, oil and dirt from many substrates.

3M™ Scotch® Adhesive Cleaner and Solvent 700

Versatile, general use solvent in aerosol form.

Ideal for cleaning heavily contaminated surface prior to bonding, removal of adhesive residue or dismantling previously bonded articles.

3M™ Abrasives

3M™ Cubitron™ II Fibre Disc 982CX Pro

Get more done with 3M™ Cubitron™ II Fibre Disc 982CX Pro. With a re-engineered 3M Precision-Shaped Grain, these fibre discs take the legendary cutting speed and life of 3M™ Cubitron™ II Abrasives to a new level.

Available in 36+ grit for medium and high-pressure applications like weld grinding, beveling and heavy deburring.

♦ Longest-lasting 3M fibre disc helps boost productivity and minimise disc changes in manual and automated applications
♦ Triangular ceramic grain wears evenly, runs cool and stays sharp through the life of the disc
♦ Cuts with less pressure than traditional fibre discs, helping reduce the demands on operators

3M™ Silver Cut-Off Wheel

The 3M™ Silver Cut-Off Wheel is designed to deliver an unbeatable combination of performance and value in metal cutting applications.

This long-lasting wheel uses 3M Precision-Shaped Grains to deliver a fast and consistent cut through pipes, tubes or flat sheets of stainless steel, mild steel, aerospace alloys and more.
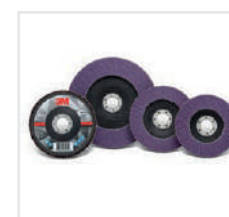

3M™ Flap Disc 769F

3M™ Flap Disc 769F is a high-performance abrasive disc built for versatility and value. Powered by 3M Precision-Shaped Grain, it lasts longer and cuts faster than conventional aluminum oxide and alumina zirconia flap discs – and it's priced for affordability and everyday use.

This unbeatable combination of performance and value can increase productivity while also lowering your abrasive spend.

3M™ Xtract™ Cubitron™ II Net Disc 710W

Dust extraction meets industry-leading cut-rate in 3M™ Xtract™ Cubitron™ II Net Disc 710W. This premium sanding disc features a unique abrasive pattern on a net backing that allows for virtually dust-free sanding, with legendary 3M Precision-Shaped Grain technology.

You'll finish more parts per disc with less dust in the environment, boosting productivity without sacrificing worker health.

3M Products

3M Products

3M™ Scotch-Brite™ Hand Pad 7447

The performance of Scotch-Brite™ General Purpose Hand Pad 7447 is comparable to steel wool grade 1. However, unlike steel wool, our Scotch-Brite™ pads won't shred during use, rust after use, or create fine metal splinters.

The non-woven, open-web material resists loading and can be used dry, with water or solvents, and rinsed clean for reuse. This multipurpose 6 x 9" pad can be used by hand for precise control, with a hand pad block for uniform finishing, or on an in-line sander to cover large areas.

3M™ Safety Solutions

3M™ SecureFit™ Protective Eyewear 400 Series

3M™ SecureFit™ Protective Eyewear 400 Series comes with a variety of features, because having options in protective eyewear can be critical.

Workers can choose from several lenses coating options, including 3M™ Scotchgard™ Anti-fog, and features like a removable foam gasket that combines with Pressure Diffusion Temple (PDT) Technology to create a secure and comfortable fit.
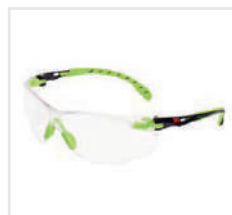

3M™ Virtua™ AP Protective Safety Glasses

The Virtua™ AP Series offer a sleek unisex styling, lightweight, comfort and exeptional value. Designed with high-wrap polycarbonate lenses and integral sideshields to provide comfortable fit and ultimate protection.

3M™ Solus™ 1000 Series Safety Glasses

3M™ Solus™ 1000 Series protective eyewear features Scotchgard™ Anti-Fog lens coating which helps workers see clearly, longer – providing longer lasting fog resistance than traditional anti-fog coatings.

3M™ Fahrenheit™ Safety Goggles

The Fahrenheit™ Series offers aerodynamic design for 180 degrees of distortion free vision. Soft PVC crystal frame with a wide support area all around the face to enhance comfort and built in channel designed to fit prescription frames.

Ideal for use with most 3M disposable and reusable respirators. Modern, slim-line and lightweight design for excellent fit.

3M™ E-A-R™ UltraFit™ Corded Earplugs

A proven triple-flange design and pliable, premolded material make UltraFit earplugs a more comfortable fit for most ear canals. These durable, reusable earplugs are easy to use again and again, reducing waste. They can be cleaned easily with soap and water.

Since there is no need to roll them down before fitting, simply push them into the earcanal for clean and comfortable noise reduction.

3M™ E-A-R™ Classic™ Uncorded Earplugs

Still one of the most widely used foam earplugs today, the 3M™ E A R™ Classic™ earplug is an economical, reliable choice in hearing protection and conservation.

Slow recovery, low pressure foam conforms to the shape of the earcanal to help create a comfortable, snug noise barrier.

3M™ Half Face Reusable Respirator 6000

The 3M™ Half Face Reusable Respirator 6000 Series is low-maintenance, simple to use and extremely lightweight. Combine with a broad range of twin, lightweight 3M™ filters or cartridges to provide respiratory protection against particulates and a variety of gases and vapours.

3M Products

3M Products

3M™ Secure Click™ HF-800SD Series Half Facepiece Reusable Respirator

The 3M™ Secure Click™ HF-800SD Series Half Facepiece Reusable Respirator helps protect against particulates and a wide variety of gases and vapors when used with approved 3M™ Secure Click™ cartridges and filters.

Available in three sizes with speaking diaphragm to help provide easier communication while you work.

3M™ Aura™ Particulate Respirator 9310A+

This respirator sets new benchmarks in wearer comfort. The advanced three panel design and ultra soft inner cover web allows the 3M 9300A+ series respirator to comfortably mould onto your face and accommodate facial movements without compromising the fit.

Being foldable, they offer you more convenience than traditional cup shaped respirators. Its features include a headband material which helps even out strap pressure.

Black Cable Tie	370mm x 4.8mm
Black Cable Tie	370mm x 7.6mm

Natural Cable Ties	82mm x 2.5mm
Natural Cable Ties	190mm x 4.8mm
Natural Cable Ties	215mm x 4.8mm
Natural Cable Ties	300mm x 4.8mm

Markers

A general-purpose permanent Marker with instant drying ink, suitable for use on most surfaces

900BK	Jumbo Marker Black
400BK	Bullet Marker Black
300BK	Chisel Marker Black

Rubber Bands

Emjay Packaging stocks a wide range of sizes and thicknesses, suitable for all types of applications

No.10 Rubber Bands	35mmx1.5mm - 500g/pk
No.14 Rubber Bands	50mmx1.5mm - 500g/pk
No.19 Rubber Bands	90mmx1.5mm - 500g/pk
No.32 Rubber Bands	75mmx3mm - 500g/pk
No.64 Rubber Bands	90mmx6mm - 500g/pk

Measuring Tapes

Emjay Packaging supplies a wide range of Industrial Tape Measures that are suitable for all types of trades, warehouses and for use at home

Industrial Staples

♦ Staples for use with box bottomers, hand tackers and hand staplers
♦ Also staples for Venhart net clipping machines and hand clippers

A15 Carton Staple 15mm	2000/Pack
A18 Carton Staple 18mm	2000/Pack

Backing Rod Foam

♦ The Closed Cell Backing Rod is compatible with all leading sealants and delivers excellent rebound recovery. The round profile enables sealant to form the correct profile in order to deliver optimum movement and minimise the amount of sealant required
♦ The closed cell structure ensures no moisture is absorbed and is manufactured from high quality closed cell LDPE foam. It is suitable for horizontal and vertical joints, sealing of internal wall joints, draft proofing and sealing windows
♦ Backing Rod is available in a full range of diameters from 6mm to 60mm however custom sizes available on request for project quantities

Isopropyl Alcohol

♦ Isopropyl Alcohol (also known as IPA or Isopropanol) is a high-quality, hard surface cleaner and widely used in the preparation /abrasion process before tape application
♦ Product available in 20LT or 200LT drums

Cold Chain Solutions

ProtectaChill Gel Packs

♦ Developed and tested in-house, ProtectaChill Gel Packs have been engineered for maximum performance, re-use and durability. Made with high quality films and featuring extra strong seals that minimise leakages. Our Gel formula is 100% non-toxic, eco-friendly and stays frozen significantly longer than ice
♦ Available in multiple stock sizes and with custom printing and sizing also available, we have the ideal Gel Pack Solutions for any temperature sensitive freight requirements

Thermal Liners and Bags

♦ The next-generation thermal protector! Silver Sheen Eco is 100% locally sourced, Aussie Made and takes up to 75% less space than our regular thermal liners
♦ Suited for use with fresh or frozen food, meat, seafood, pharmaceuticals, or any temperature-sensitive goods requiring transport. Liners and Bags are available on an easy to dispense roll or loose in a carton and can even be made to size
♦ Silver Sheen Eco is specifically engineered to optimise material value and minimise impacts on the environment. It requires less energy and fossil fuels to transport, as well as less space to store, transport and recycle. The 1mm structure also allows you to expel unnecessary air from your package, maximising thermal performance

Materials Handling

220kg Rated Stock / Order Picking Trolley

- Durable long-lasting powder coated finish
- Compatible with IH051, IH060 and IH078 range of tubs (sold separately)
- 12-month frame warranty
- Accessories such as clip boards and parts boxes are also available

230kg Rated Bitbar 2 Shelf Utility Cart

- Innovative design for easily transporting any items
- Sturdy structural foam construction will not rust, dent, chip, or peel
- Moulded-in storage compartments and cup holder are available for storage for small items and tools
- User-friendly handles provide comfortable and easy manoeuvrability
- Full-extension metal drawers with ball bearing slides are available

370kg Rated Foldable Platform Trolley

- Single platform designed for Industrial use
- Foldable Handle
- Handle height suitable for any ergonomic use
- Premium Quality Signature Series Trolley made for Moderate to High Level Use
- Quality Pressed Metal Construction
- High Quality Castors, precision bearings

560kg Rated Industrial Platform Trolley

- Industrial quality trolley used across many industries
- Designed to meet the highest demand applications industries have to offer
- 12 Month Warranty

300kg Rated Super Mover Hand Truck Trolley

- Has a unique easy tilt mechanism to ensure less effort is required for heavy loads
- Ratchet Strap can be fitted
- The Load Support System provides full height, flat surface RHS frame for secure support of double box stacks

2500kg Pallet Jack / Pallet Truck

- With a huge capacity of 2500kg and a list of features, it is the best choice for your pallet handling
- Entry and Exit roller prevent physical exertion of the operator and protect load roller and pallet when using pallet jack
- Totally sealed hydraulic pump with a slow lowering hand control valve
- Full adjustable push rod under forks
- 3-Position control handle, Grease fittings at key points

300kg Manual Scissor Lift Table

- Positive braking system on rear wheels for safety
- Overload valve ensures load limit is not exceeded
- Manual Push
- Precision hydraulic foot pump
- Quick release system

Monstar 5 Step Platform Ladder - 1.41m

- Fully Welded Construction
- Checker plate Platform
- Wide Base with Rubber Feet
- 700mm x 400mm Platform
- Exceeds AS/NZS 1892.1
- Standard Work Platform
- Fully Welded Retractable Castors fitted as standard
- Optional Handrails Available
- Optional Safety Gate Available

Stretch Wrap

- The EMJAY WEBSTRETCH range offers the latest in resin and extrusion technology delivering a high performance pallet stretch wrap
- Excellent puncture and tear resistance
- High impact strength
- Outstanding holding force to keep your products protected
- Designed to work on all types of wrapping machines
- Silent to apply
- High Clarity excellence for barcode scanning
- Lowest cost per pallet effectively wrapped
- All our stretch wrap films and outer packaging are recyclable

WEBGOLD Machine Wrap - High Performance Cast

♦ Using the very latest innovation in extrusion and resin technology developed for thin films with high pre-stretch performance over 300%
♦ Outstanding holding force
♦ Very high impact strength and puncture resistance
♦ Runs well on high pre stretch, high speed, fully automatic machines
♦ Ideal for non-uniform pallets and loads with sharp edges
♦ Superior film toughness allows for downgauging using less film to effectively wrap the load
♦ No film breaks
♦ Less film means less waste and lower cost per pallet wrapped

Code	Description	Rolls per Pallet

9STRDISP	Bundle Wrap Dispenser	1

Stretch Wrap Dispensers

♦ Hand Wrapper allows you to adjust the tension to suit the operator
♦ Soft rubber grips for comfort
♦ Reduces back strain and prevents workplace injury
♦ Suits all types of hand films

Code	Description	Quantity per Unit
9STRDISP2	Stretch Wrap Dispenser	1

Stretch Wrap

Stretch Wrap Machines

♦ Pallet Wrapping machines improve productivity and decrease your consumables usage
♦ Machines to suit low volume of pallets per day up to 200 plus pallets per day
♦ Lessens the risk of injury to your workers, no bending or strain to wrap the pallets
♦ Significant savings on film use and costs
♦ Machines can be tailored with additional features to suit all applications and company volumes
♦ Emjay can provide payment options through: Outright Purchase, Hire/Purchase, Rental and Loan wrappers, so enquire with us today!
♦ Base entry models, right up to fully automatic machinery available
♦ A wide range of makes and models available from base entry models to fully automatic systems
♦ More details in our Packaging Machinery section

Pallet Caps

♦ Choice of strong HDPE film and LDPE film in both in clear and black
♦ Perforated sheets on a roll
♦ Prevents product theft
♦ Excellent dust and waterproofing of your pallets

Stretch Wrap

Ventilated Stretch Film

♦ Allows air to flow in and out easily, cooling hot wrapped products
♦ Ideal for perishable and frozen products
♦ Can be stapled, tied, taped or hot sealed
♦ Range of sizes from small to large and light to heavy gauge to best suit your products
♦ Available in both hand and machine rolls
♦ Other sizes available on request
♦ Reinforced edges to prevent tearing of film

Code	Description	Rolls per Carton
9STR480500V	480mm x 500m	4
9STR50030V	500mm x 1200m x 30um	1

Eco Friendly Stretch Wrap

Nano Bolt Clear Hand Wrap System

A new and unique hand wrapping system which includes dispenser and pre stretched film to give the same consistency as wrapping with a machine. The versatile dispenser is very light, the operator walks forward and it's effortless to use reducing risk of injuries and accidents. It's called "the fatigue fighter".

♦ Thinnest, strongest hand film available on the market
♦ More sustainable using less film, less rolls and less cardboard cores
♦ Consistent, fast hand wrapping with less film breaks
♦ Wrap stable loads consistantly with roping capability for extra stability
♦ Lower cost per pallet wrapped
♦ New FlexLite 30 with 30% recycled content

Code	Description	Rolls per Carton	Rolls per Pallet
NANOBOLT	390mm x 480m	8	576
FLEXLITE30	390mm x 340m	8	576

NANODISP	Nano Bolt Dispenser	1
NANOMAG	Nano Bolt Magnet	Set of 2
NANOPLATE	Nano Bolt Bottom Plate	1

Nano Green Clear Machine Wrap

A high performance cast stretch film containing 30% post industrial waste.

♦ High quality recyled content
♦ More sustainable with 30% recycled content and the film is recyclable
♦ Good load containment force
♦ No easy film breaks
♦ Reduces carbon

Code	Description	Rolls per Pallet
NANOGREEN15	500mm x 2174m	50

Biogone - Landfill Biodegradable

Landfill biodegradable hand and machine stretch wrap which can be recycled or disposed of in the general rubbish bin. Once disposed to landfill, biodegradation is accelerated 90+% faster than conventional wrap, producing an organic matter (a natural fertiliser) and no microplastics.

STRAP152500B	15mm x 0.63mm x 2500m Blue Machine Polypropylene Strapping	1 Roll

Polypropylene Heavy Duty Strapping

- ♦ High break strain and easy to use
- ♦ Very heavy duty for demanding jobs
- ♦ Won't rust and stain your products when exposed to the weather
- ♦ Can be used with buckles or metal seals

Code	Description	MOQ
9HNDSTRAP12HD	12mm x 1000m Black HD Polypropylene Strapping	1 Roll
9HNDSTRAP15HD	15mm x 1000m Black HD Polypropylene Strapping	1 Roll
9HNDSTRAP19HD	19mm x 1000m Black HD Polypropylene Strapping	1 Roll

Strapping & Accessories

Seals to Suit Polypropylene Strap

♦ Ideal for heavy applications where buckles may not be strong enough
♦ Used with poly strapping and manual sealing tools

Code	Description	Qty/Ctn
PO12	12mm Metal Seal Clip for Polypropylene Strapping	1000
PO15	15mm Metal Seal Clip for Polypropylene Strapping	1000
PO19	19mm Metal Seal Clip for Polypropylene Strapping	1000

Wire Buckles

♦ Use Wire Buckles for Extra Strength
♦ Tensions using a Poly Strapping Tensioner

Code	Description	Qty/Ctn
9WIREBUCK12	12mm Metal Wire Buckles	1000
9WIREBUCK15	15mm Metal Wire Buckles	1000
9WIREBUCK19	19mm Metal Wire Buckles	1000

Poly Buckles

♦ No tools required
♦ Quick and easy way to strap lighter loads
♦ Simple operation
♦ Tension via hand

Code	Description	Qty/Ctn
PLBUCK12	12mm Plastic Buckles	1000
PLBUCK15	15mm Plastic Buckles	1000

Strapping Tools For Polypropylene & Polyester Strapping Tensioner

Code	Description
TST40	Tensioner - to suit Poly Strapping 12-19mm
HPT50	Tensioner - to suit Heavy Duty Strapping 12-19mm

Crimper

Code	Description
KNS12	Crimper to suit 12mm – 15mm Poly Strapping
OFH19	Crimper to suit 19mm Standard and Heavy Duty Poly Strapping

Mobile Strapping Dispenser

Code	Description
MDPE	Mobile Strapping Dispenser for Metal strapping, PET strapping and PP strapping

Strapping & Accessories

Strapping & Accessories

Polyester (PET) Strapping

♦ Polyester (PET) Strapping is suitable for all types of Industrial Strapping applications
♦ Safer and easier to use than Steel Strapping with no sharp edges
♦ Minimal elongation and relaxing means strap tension is maintained during transit as the load settles
♦ Available in Smooth or Embossed

Code	Description	MOQ
PET1307E	Embossed 12mm x 0.7mm x 1900m	1 Roll
PET1609E	Embossed 16mm x 0.9mm x 1100m	1 Roll
PET1910E	Embossed 19mm x 1.0mm x 800m	1 Roll
PET1609S	Smooth 16mm x 0.9mm x 1100m	1 Roll

Polyester Strapping Metal Clips

♦ Polyester Strapping Metal Clips are used to seal strapping, securing your products

Code	Description	MOQ
CP12	12mm Polyester Strapping Metal Clips Serrated	1000
CP16	16mm Polyester Strapping Metal Clips Serrated	1000
CP19	19mm Polyester Strapping Metal Clips Serrated	1000

Battery Powered PET Strapping Tool

♦ Combo Heavy Duty Battery Tool for 12-19mm Polyester Strapping
♦ Tensions, Seal and Cuts Automatically
♦ Brushless Motor
♦ Li-iron Battery – 18V
♦ Easy to use
♦ Single Hand Operation
♦ Variable Tension Speed
♦ Suit Polypropylene & Polyester Strapping

Rope Wound Steel Strapping

♦ High break strength at a thinner gauge means savings on material and shipping
♦ Heaviest loads are kept in place without breaking due to high breaking strength
♦ Used for bundling or palletising heavy objects

Code	Size	Approx Metres per Kilo
WROPE12	12mm x 48kg	20
WROPE16	16mm x 48kg	16
WROPE19	19mm x 48kg	12

Ribbon Wound Steel Strapping

♦ Transporting large, heavy & stable loads
♦ Loads that have sharp edges that could cut softer restraints
♦ Loads that are being shipped far distances
♦ Loads that will experience multiple loading and unloading operations

Code	Size	Approx Metres per Kilo
WRIBBON12	12mm x 10kg Roll	20
WRIBBON16	16mm x 14kg Roll	16
WRIBBON19	19mm x 16kg Roll	12

Dispenser Suitable for Steel Strapping

♦ Steel strap ribbon dispenser allows ribbon wound strap to unwind easily for efficient, safe workflow in the warehouse
♦ Neat storage for both your strap and seals reducing clutter and hazards around the warehouse

Static & Mobile A Frame Dispenser

Code	Strap Type	Roll Size	Extra Features
SDRS	Steel – 12-19mm	Max roll size 550mm	Static
MDRS	Steel – 12-19mm	Max roll size 550mm	Mobile

Strapping & Accessories

Strapping & Accessories

Mobile Dispenser

Code	Size	Core Size	Outer Diam. Disk Size	Extra Features
MDPSS	Steel	400mm	640mm	Heavy Duty Brake

Steel Strapping Metal Clips

♦ Steel Strapping Metal Clips are a quick and easy way to tightening strapping and secure your load whist in storage and transit

Code	Size	Qty/Ctn
CS12	12mm Steel Strapping Metal Clips SSMC	1000
CS16	16mm Steel Strapping Metal Clips SSMC	1000
CS19	19mm Steel Strapping Metal Clips SSMC	1000

Tensioner for Steel Strapping

♦ Steel Strapping Tensioners enable the user to manually increase the tension of the strapping to ensure a secure load

Code	Description
FP19	Tensioner Flat Pack Heavy Duty-to suit 12-19mm Steel Strapping
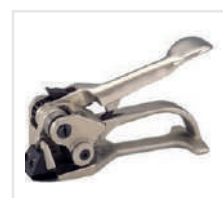

Code	Description
RPE	Tensioner Round Pack to suit 12-19mm Steel Strapping

Crimper for Steel Strapping

♦ Used to crimp seals onto tensioned strapping to secure loads or pallets for transit or whilst in storage

Code	Description
SRD12	Crimper - to suit 12mm Steel Strapping
SRD16	Crimper - to suit 16mm Steel Strapping
SRD19	Crimper - to suit 19mm Steel Strapping

Poly Woven Strapping

♦ Poly Woven strapping has high tension and can be retightened at any stage during transit or storage
♦ A safe alternative to Steel Strapping yet offering the same strength
♦ UV and Weather Resistant
♦ Ideal for large, rigid loads whilst absorbing impacts and is a lightweight product

Code	Description	MOQ
WPS16S	16mm x 1000m Poly Woven Strapping - 1 Blue Line	1 Roll
WPS19L	19mm x 850m Poly Woven Strapping - 1 Blue Line	1 Roll
WPS19S	19mm x 700m Poly Woven Strapping - 1 Red Line	1 Roll
WPS19H	19mm x 500m Poly Woven Strapping - 2 Red Line	1 Roll

Strapping Buckles

♦ The Emjay Packaging strapping buckles range comes in galvanised coated and phosphate coated to suit our full range of strapping

Code	Description	MOQ
CWB5P	16mm Heavy Duty Strapping Phosphate Buckles	1000
CWB6P	19mm Heavy Duty Strapping Phosphate Buckles	1000

Strapping & Accessories

Strapping & Accessories

Strapping Tensioner

| Code	Description
HPT50C	Tensioner for Flat Pack Heavy Duty- 12-19mm Strapping
CHD	Tensioner for Flat Pack Heavy Duty- 12-25mm Strapping

Strapping Machines

Semi Automatic Strapping Machine

♦ Semi-Automatic strapping machines are affordable, portable, and compact
♦ Easy adjustment to changing strap width
♦ The feed system, strap tensioning device and cams are designed to eliminate splitting, bending, and scratching
♦ Applicable to any shape
♦ Simple operation and easy maintenance

Automatic Strapping Machine

♦ An auto strapping machine with roller conveyors on the bed
♦ Larger arch accommodates larger cartons
♦ Strapping up to 50 straps per minute

Packaging Machines

EMJAY

At Emjay we are committed to minimizing the impact of packaging on the environment by providing our customers with service solutions and products which are ethically sourced, are sustainable and contribute to a future circular economy.

We are a signatory to the Australian Packaging Covenant (APCO) and continue to update our sustainability plan to help meet Australia's 2025 National Packaging Targets.

We are working with our manufacturing partners to produce higher performance innovative products to reduce waste, improve efficiency and reduce costs for our customers. Furthermore, we have more products available that are made from recycled or renewable content, have a focus on products that are 100% recyclable, and introduced biodegradable and compostable packaging products to the range.

Product Category

Eco Friendly Products

All products in this range are recyclable. Just ask our friendly staff about our Eco Friendly products.

Kraft & Corrugated Paper Rolls

Cardboard Cartons

Protective Packaging & Void Fill
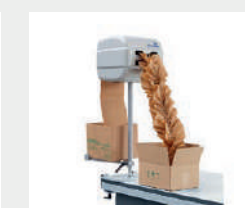

These products are all recyclable and have one or more of the following sustainable features

♦ Contain 30% post industrial waste
♦ 15% recycled content
♦ Landfill biodegradable

♦ Home compostable
♦ Industrial compostable
